WILDE ENTHUSIASM MARKS SMITH'S PROGRESS THROUGH EASTERN STATES

Storming New England

THOUSANDS RUSH HARTFORD POLICE LINES TRYING TO REACH GOVERNOR

Warmth of Boston Crowds Exceeded in Tremendous Reception in Smaller Cities on Way Home.

FRIENDS FIGHT WAY BACK TO HIS TRAIN

Element of Adoration in Throngs' Fervor for Democratic Leader in Connecticut Visit.

By CHARLES G. ROSS, Chief Washington Correspondent of the Post-Dispatch.

NEW YORK, Oct. 26.—If Gov. Smith, who is in New York today for a brief rest, wants to feel reality at home, he will go out and plunge into the densest crowd he can find and fight his way through a throng of a subway throng at the height of the rush hours will do.

Smith was correct when he named this final phase of his campaign the "battle of the Atlantic seaboard." It is a battle not only for the electoral vote of the doubtful Eastern states, but a physical battle with delirious crowds.

Boston on Wednesday night set a new standard by which the receptions of public men will have to be judged. It didn't seem possible to anybody on the Governor's train that yesterday's tour through some of the smaller New England towns would produce anything comparable to the frenzied reception in the Hub city. Nothing equal to that, either in size or in fervor, had happened in this campaign or in any other within the experience of the observers with Gov. Smith.

Hartford Greets Him Wildly.

Hartford, Conn., however, so far as wild enthusiasm was concerned, was Boston all over again. Smith's train arrived there about 5 o'clock on the way from Providence to New York. Then began a repetition of the scenes of the previous day. The station and the adjacent streets were packed. To clear a way for Smith and his party to the waiting automobiles, the police had to club into submission a passionate crowd that sought to reach the Governor.

The procession was through three or four miles of streets jammed with people the whole way. As at Boston, the crowds swept the police aside and swarmed in against the moving cars. Hundreds of men, women and children ran alongside. Many of them, women especially, were obsessed with a desire to touch Smith, one could tell that from the cries along the route and the way they fought their way forward to get near him.

Hartford is a city of some 150,000. There seemed to be that many persons in the streets. Time and again the procession was forced to a full halt. The air was biting, but the candidate went bareheaded most of the way, the brown derby held aloft in the familiar salute. Streamers of ticker tape, wove fantastic patterns against the dusk. Confetti fell on Smith till he looked like a bridegroom. Sirens shrieked the crowd yelled.

All the usual stuff—yes—and yet the crowd, like all the rest of the New England crowds that have greeted Smith, was different from the ordinary political gathering. There was, of course, an immense curiosity to see the candidate, but something more than mere curiosity was evident. One hesitates to seem to exaggerate, but in this Hartford crowd, as in all the rest, there was an element of intense adoration.

The parade ended in front of the State Armory, where a flag-waving crowd of several thousand had assembled. The train had been pulled up alongside. Smith and the others in his immediate party were dragged through the throng by the police. Half a dozen cars were stranded 100 feet away, with a tightly packed crowd—so tightly packed that when they

MUMMY TURNS OUT TO BE JUST AN OLD DUMMY

Thousands Had Viewed Exhibit at Hackensack, N. J., as That of Egyptian Princess

Special to the Post-Dispatch.

HACKENSACK, N. J., Oct. 26.—The prize exhibit of the Bergen County Historical Society for the last 26 years has been the mummy of an Egyptian Princess reposing in the museum occupying the top floor of the public library here.

Thousands of the curious have gaped at it. School children have been led on exhibitions to view it. Civic authorities have included it in leaflets listing the things to see in Hackensack.

Impelled by some unknowable influence, Mrs. Frances A. Westervelt, the curator, decided yesterday to open the box and remove the glass.

The mummy, Mrs. Westervelt discovered, was a dummy. The body was stuffed with rags. It had feet but no legs, and the feet were not mummies. It had one hand but no wrist. The head was empty, and there were holes where the eyes, mouth and nose are supposed to be.

ELECTION BROADCAST ORDER

Commission Asks All Stations to Avoid Interference With Returns.

By the Associated Press.

WASHINGTON, Oct. 26.—Because of the "widespread public interest in satisfactory reception of election returns," the Federal Radio Commission today took steps to insure clear reception conditions from 5 p. m. Nov. 6 to 12 noon Nov. 7.

Each amateur and experimental station, including television sets, was asked to cease operation during that period. Other broadcasting stations not engaged in sending the returns were requested, so far as consistent with the carrying on of necessary communications, to conduct their stations with the minimum of interference.

GIVES BROWN DERBY TO CROWD

Gov. Smith Meets Shouted Requests at Willimantic, Conn.

By the Associated Press.

NEW YORK, Oct. 26.—The first brown derby Gov. Smith has parted with on his present campaign trip was given away at Willimantic, Conn., during a brief stop there yesterday on his way to New York.

A crowd, which swarmed around the rear of his special train, was shouting and cheering at the nominee as he waved the hat first to Philadelphia for another parade. The Bellevue-Stratford will be his headquarters in the Pennsylvania city.

31 KILLED, 47 HURT IN WRECK OF TWO TRAINS IN RUMANIA

Simplon Tunnel Express, Crack European Flyer, in Collision at Town 90 Miles From Bucharest.

25 OF INJURED SENT TO HOSPITAL

New York Man Killed and Chicagoan Reported Dead When Paris Coach Is Demolished.

By the Associated Press.

BUCHAREST, Rumania, Oct. 26.—Thirty-one persons were killed today in a collision between the Simplon Tunnel express, outbound from Bucharest, and another express train from Sibiu at the station of Recea, near Slatina. Those killed included Alex Herschler, general manager of the Wahl-Eversharp Company of Seventh avenue, New York, an Italian engineer, his wife and daughter and a Greek passenger.

The others killed were Rumanians, all third-class passengers in the Sibiu train.

The total number of injured was stated to be 47, and of these 25 were taken to a hospital at Slatina, 90 miles from here.

The accident was due to failure of the switch points to work properly. The through Paris coach of the Simplon Express, one of the best known trains in Europe, was wrecked.

Chicagoan Reported to Be One of Victims of Wreck.

BUDAPEST, Hungary, Oct. 26.—A special dispatch to the newspaper Az Est says that a man named Ehrlich, a Chicago merchant, was killed in the wreck of the Simplon express in Transylvania today.

This dispatch said 50 persons were killed. Many of the victims were said to have been burned to death when sleepers caught fire.

FORMER "FOLLIES" GIRL DIVORCES LORD NORTHECK

Wife, Who Was Jessica Brown, Charged Earl With Misconduct.

By the Associated Press.

EDINBURGH, Scotland, Oct. 26.—A decree of divorce has been granted Lady Northesk, the former Jessica Brown, from the Earl of Northesk. The suit was undefended. The ground of the action was misconduct by Lord Northesk in Paris in January of this year.

The couple was married in Chicago. Lady Northesk formerly was in the "Follies."

Jessica Brown of Buffalo, who at one time danced in the Ziegfeld "Follies," and the Earl of Northesk, young British peer, were married in Chicago July 19, 1923. By the marriage the American girl became the eleventh Countess of Northesk.

During the past year it became known that the titled Englishman and his American wife had become estranged and had separated.

Last month Peggy Hopkins Joyce, the actress, arrived in New York on the Atlantic liner. Lord Northesk also was a passenger and the actress was quoted as saying that the English peer would be her fifth husband when he had obtained a divorce from Lady Northesk.

At the same time Lord Northesk volunteered the information that the final decree would be granted at Edinburgh late this fall and that then he would be free to marry.

BASEBALL POOL OPERATOR CONVICTED IN NEW YORK

W. J. Pringle, Former Revenue Agent, Guilty of Using Mails to Conduct Lottery.

By the Associated Press.

NEW YORK, Oct. 26.—William J. Pringle, former internal revenue agent and alleged secretary-treasurer of the Albany Baseball and Stock Market pool, was convicted today of using the mails to conduct a lottery.

SIX-DAY AIR MAIL TO CHICAGO

A six-day air mail service between St. Louis and Chicago was inaugurated this week by the Robertson Aircraft Corporation, in place of the five-day service heretofore.

Under the new arrangements a plane will leave St. Louis for Chicago on Saturday afternoon and will return Monday morning. In the past there has been no plane to Chicago on Saturday and none into St. Louis on Monday. The gradually increasing popularity of air mail makes the new schedule necessary, Robertson company officials said.

HOOVER'S TOLD HE WILL GET BIG RAILROAD VOTE

Leaders of Two Workers' Organizations Point to His Training and Aid in Wage Dispute.

LEGISLATION FOR WOMEN PROMISED

Republican Candidate to Take Up Waterways Development on St. Louis Visit Nov. 2.

By the Associated Press.

WASHINGTON, Oct. 26.—Herbert Hoover was told today by Frederick H. Fjoldal of Detroit, president of the Brotherhood of Maintenance of Way Employees, and Arthur J. Lovell of Washington, vice-president of the Brotherhood of Locomotive Firemen and Engineers, that he would be supported by a large majority of members of the railroad brotherhoods.

They said they based their prediction upon their knowledge of the political preference of the members of their organizations and also upon a belief that railroad men preferred Hoover to the Democratic presidential nominee because of his wide experience and training both in government and business.

"We believe that Herbert Hoover is in a much better position to do the fair thing by all groups," Fjoldal said. "He takes the national viewpoint on important questions and that is more to our liking."

"We called on Mr. Hoover during the wage negotiations in behalf of railroad engineers and firemen in the southern districts, at a time when matters were at a standstill," Lovell said. "We found that he had a complete grasp and an intelligent understanding of the entire situation and was able to offer suggestions which were of assistance in bringing about an agreement."

Views on Aid for Women. Hoover today told Miss Elizabeth Christman of Chicago, secretary-treasurer of the National Woman's Trade Union, that "I am absolutely with you in your efforts to get adequate labor legislation for women."

Miss Christman, accompanied by Mrs. Raymond Robins, chairman of the Industrial Women's Division of the Republican National Committee, and for 15 years president of the National Women's Trade Union League, was a visitor at the Massachusetts avenue headquarters of the Republican candidate. She stressed particularly the need for an eight-hour law.

"Such legislation establishes standards for industry, which although they already exist by voluntary agreement between many employers and the organized workers, must be written into law to bring up the laggards of industry," Mr. Hoover told Miss Christman.

"On this subject I have not altered my opinion as expressed in 1926. If women in industrial occupations are to be protected equally with men, they must have safeguards additional to those provided for men. I favor especially laws limiting hours of labor, with progressively higher standards in accordance with the purposes of organized working women. I should greatly deplore any weakening of the existing regulations, or any interference with their extension."

Maintaining His Strategy. Events of the presidential campaign down to the present time have caused no change in Hoover's major political strategy of confining his speeches to a discussion of what he conceives to be the issues and of keeping clear of exchanges with his Democratic opponent and others.

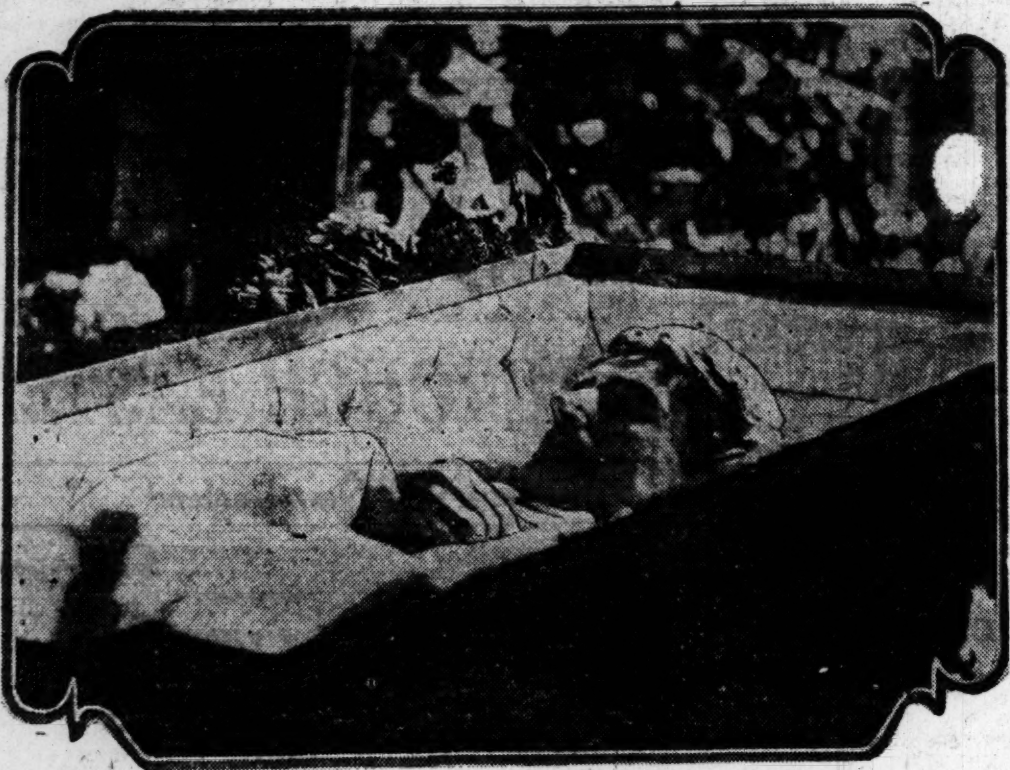

As has been the case in the past, party leaders and speakers are replying to the latest attack of Gov. Smith. However, in his next address at St. Louis on the night of Nov. 2, Hoover will take up two subjects which Smith has emphasized—waterways development and farm relief.

Undecided on Extra Session. The Republican standard bearer already has spoken on these, having declared for a co-ordinated system of inland waterways and for Federal financial aid to a farm board to assist in meeting the problems of seasonal surpluses in the major farm crops. He also has stated that if elected he would invite farm leaders, such as former Gov. Frank O. Lowden of Illinois, into conference to help work out the details.

Whether he would call an extra session, he has not said.

Dowager Empress Marie Lying in State

BIER IN CASTLE OF HVIDORE, NEAR COPENHAGEN.
MARIE SOPHIE FREDERIKA DAGMAR, born a Princess of Denmark, who died in Copenhagen, Oct. 14, lived a long and tragic life. At the age of 17 she was betrothed to Nicholas, heir to the Russian throne, but he died. For reasons of state she married his brother who later became Czar Alexander III. Alexander was killed by a nihilist bomb. Her son, Nicholas II, with his wife, son and daughters, were killed by the Bolsheviks at Ekaterinburg. The Dowager Empress of Russia was 81 years old when she died.

session of Congress to tackle the problem has not yet been concluded. It was stated in an official statement made public at the candidate's headquarters yesterday after Gov. Adam McMullen of Nebraska had stated that Hoover had informed him he would call the new Congress into extraordinary session for this purpose.

"It was said at Hoover headquarters that Gov. McMullen has recently seen Mr. Hoover," the statement said. "The question of an extra session has been raised a great many times and discussed. Obviously no conclusion was reached as to the matter."

Additional details of the final Western trip which will take Hoover to his California home to vote are being worked out and the nominee will make a number of addresses aside from the one at St. Louis in the course of the four-day journey to Palo Alto.

The first of these will be at Cumberland, Md., within a few hours after the journey begins at 5 p. m. next Thursday. Hoover will speak there from a stand in the town square. His second talk will be at Louisville, Ky., Nov. 2, his train stopping in that city for an hour and 10 minutes. A procession will be formed at the station and Hoover and his party will drive to the Jefferson County Courthouse at which place the nominee will deliver his talk. Arrangements for this rally were made by Senator Sackett of Kentucky.

In St. Louis at 7:20 P. M.
Crossing the Ohio River, the nominee's special train will pass through Indiana and Illinois during the afternoon of Nov. 2, making stops at North Vernon at 12:35 p. m., Vincennes at 3:15 p. m. and Washington, Ind., and East St. Louis, Ill., before arriving at St. Louis at 7:20 p. m.

The departure from St. Louis will be at 11 p. m. the same night. There will be stops at St. Joseph, Mo., at 7 a. m. the next day and at Gibson, Neb., at 3:30 p. m. The train is scheduled to reach Cheyenne, Wyo., at 10:30 p. m. Nov. 3, and Ogden, Utah, at 12:30 p. m. the next day. There will be a few short stops in between.

After an hour at Ogden, the special will proceed across the great Salt Lake and on through Reno, Nev., and Sacramento, Cal. Receptions probably will be held at the California State capital and Oakland, through which the party will pass on its way to Palo Alto, which will be reached at 1 p. m. Nov. 5.

Herrick Tells of State Socialism.
A statement dealing with State socialism and its operation in Europe was issued by Myron T. Herrick, Ambassador to France, after a visit with the candidate yesterday. It was the first reply to the Smith speech emanating from Republican quarters.

"The experience of Europe having been under my immediate observation and study for many years past, I rather shudder at the thought that there should be any prospect of a America for Government ownership and operation while Europe stands out as such a dismal failure in this regard," Herrick said. "The ownership, control and management of the railways and other instrumentalities by the Government have proven such a dismal failure as to need no comment."

"One human quality upon which the success of the American State depends, to my mind, more than any other, and one which must be conserved and fostered, is individualism, initiative and self-help. This is a vital quality of the citizenship of any country, and should be nurtured and encouraged, for it is the natural, fundamental quality of a free people, and the conduct of the business of a country by the state is destructive of those inborn qualities."

The Ambassador added that the United States had assumed a gratifying position among the nations as a creditor nation "clothed with all the responsibilities that that implies." He contrasted the "ship-

loads of gold coming back to America from Europe to pay our own coupons" with those he said formerly were sent abroad to pay European holders of American securities.

Hoover Said He Contemplated Extra Session, McMullen Asserts.

LINCOLN, Neb., Oct. 26.—Advised that a statement from Herbert Hoover's headquarters declared no conclusion had been reached regarding an extra session of Congress to consider farm relief legislation, Gov. Adam McMullen reiterated last night that the Republican presidential nominee had told him he was contemplating calling such a session, if elected.

The Nebraska Governor repeated he would not follow Senator George W. Norris into the Democratic camp. He said Senator Norris' open declaration for Gov. Smith would have much effect and would be beneficial to the Democrats because the Senator had the greatest following of any man in Nebraska.

"In the main, I am one of his followers," he continued. "We agree on the agricultural and power questions. But I do not agree with him on doing away with parties, because I believe in government by parties. For that reason I will not follow him into the Democratic camp."

Earlier, Gov. McMullen had declared: "I had a conference a few weeks ago with Mr. Hoover. I wanted to know whether he meant business about doing something for agriculture. For an hour we talked over the table alone. He said he contemplated, if elected, calling a special session of Congress for the sole purpose of taking up the agricultural question. He said that if a special session was not called it would be a year before the question could be taken up and another year before any kind of legislation could be put into operation."

"There is quite a difference," the Governor asserted, "between taking the agricultural question up before a special session of Congress and a conference as Gov. Smith proposes. Gov. Smith would still be a private citizen when he called his conference, which would be powerless. If Gov. Smith knows what he proposes to give the farmers he would not need a conference. I am convinced that Mr. Hoover means to approve some kind of legislation for the marketing of crop surpluses without a subsidy. As to his plan, I do not know its nature. Mr. Hoover says if elected he will do his utmost for agriculture and I believe him."

Gov. McMullen also declared he still planned to speak in behalf of Hoover prior to election, but his itinerary had not been decided upon. He explained that State matters had kept him from accepting several tentative itineraries.

TWO ILLINOIS BANKS FOUND \$25,000 SHORT

Two Employes of Depositories at Murphysboro Have Been Suspended.

Special to the Post-Dispatch.

MURPHYSBORO, Ill., Oct. 26.—National bank examiners have found a shortage of between \$25,000 and \$35,000 in the First National Bank of Murphysboro and the Murphysboro Savings Bank, two local institutions under one control.

As a result of the discovery, two employes of the banks have been suspended from duty. One of them already has made up part of the shortage, and it is understood the directors have taken care of the remainder, thus insuring the bank against loss.

It appears from the examination that the two employes cashed checks for persons without accounts or with insufficient funds to cover them.

Some of these checks, it was learned, were made payable to or indorsed by Charlie Birger, gangster, who was executed for murder, and his chief lieutenant, Connie Ritter, now a fugitive under a murder indictment. The checks of these gangsters are thought to have had a connection with whiskey deals.

LA FOLLETTE GIVES VIEWS ON CAMPAIGN

"Neither G. O. P. Nor Democrats on Record for Progressives' Policies."

By the Associated Press.

MADISON, Wis., Oct. 26.—Senator Robert La Follette, Wisconsin Progressive, said today in a signed statement in La Follette's Magazine that "neither Republicans nor Democrats are on record in favor of principles for which the progressive group has fought."

"The issues I have mentioned (water power, farm relief, labor injunctions, corruption in public service and abuse of presidential power in Nicaragua) are in the presidential campaign not because of the courage or patriotism of either of the old parties," he said, "but because the Progressive Republicans and Progressive Democrats, co-operating as a group in Congress, have forced them out in the open and compelled their consideration at the polls."

He stated that he had disassociated himself from the Republican national ticket and platform throughout the campaign, and that Gov. Alfred E. Smith of New York had made "public declarations and definite commitments which are in substantial accord with the Progressives' views on water power, farm relief, the injunction in labor disputes, corruption in public service and abuse of presidential power in Nicaragua."

"If Mr. Hoover is elected and undertakes to carry out the Coolidge policies," La Follette said, "or if Gov. Smith is victorious, the people will have to rely on the Progressives in both parties to guard the national resources of the public domain from such interests as the Power Trust, to provide equality for agriculture, and to protect wage earners from denial of their constitutional rights."

raised their arms they couldn't get them down—between the automobiles and the train. It pulled out while the marooned passengers were missed and the train came back, but the crowd was still there and still cheering. There was nothing for it but to fight a way to the train, and this they finally succeeded in doing.

"No More Parades." "No more parades," is the slogan of these survivors of one of the minor engagements of the "battle of the Atlantic Coast."

"Show me another crowd like that at Hartford," cried a Smith rooster on the train, "and I'll claim Maine."

As the train proceeded on the night run through Connecticut, he began to claim not only Maine, but Iowa, California and Oregon. The crowds were astonishing. They were lined up by hundreds and thousands at places where the train wasn't even scheduled to stop.

stop, and they were massed by thousands and tens of thousands—literally that—at the advertised stops.

There was an impressive turnout at New Britain, and at Waterbury the crowds were dense along the tracks and far back in the side streets. Derby-Shelton had a huge crowd out with flares and Smith banners. "If you are a Socialist, so are we," was one of the legends.

At New Haven there was a yelling crowd that local newspaper writers estimated at between 25,000 and 35,000. The gathering at Bridgeport, reached at 9:30, looked to be as big or bigger. Bridgeport has long been a center of Republican strength. A large proportion of it yelled its head off last night for Gov. Smith in one of the noisiest greetings he has received. So it went through the night till New York was reached. Earlier, the route had lain through Rhode Island and here, also, on a motor ride through Woonsocket down to Providence, the Governor had been greeted by demonstrative crowds.

The battle of the Seaboard states has just begun. Smith will speak at Philadelphia, Saturday night, the first of the fall, visited Western New York this morning. JURY DISAGREES IN SHOOTING OF DEPUTY; OUT 24 HOURS

George Pomeroy Contended He Thought Officer on County Road Was Highwayman.

The jury in the trial of George Pomeroy, president of the Pomeroy Construction Co., charged with assault with intent to kill Deputy Constable Edwin M. Stocker, failed to agree on a verdict and was discharged at 2 p. m. today, after 24 hours of deliberation, by Circuit Judge Nolte at Clayton, who declared a mistrial.

The first ballot taken by the jury yesterday was 8 to 4 for acquittal, and the last ballot taken today was 9 to 3 for acquittal. The foreman reported a verdict could not be reached.

Stocker was wounded in the head the night of May 29 as he approached an automobile parked on Bonhomme road, near Diehlman road, occupied by Pomeroy and Mrs. Lollie McKinney, 6232 Oakland avenue. Pomeroy's defense was that he mistook Stocker for a highwayman.

FACTORY BOILER BLOWS UP CAUSING \$7000 DAMAGE

Firemen Called to Extinguish Blaze at Plant of Mound City Box Co.

Explosion of a boiler at the Mound City Box Co., 2000-2-4 Gratiot street, at 1 a. m. today, caused total damage estimated at \$7000.

The boiler was housed in a one-story building in the rear of the two-story plant. Damage was estimated at \$5000 to the boiler, \$1500 to the building and \$500 to the contents.

Cause of the explosion was not determined. Firemen were summoned to extinguish a blaze that followed the explosion.

COMMUNITY FUND WORKERS REPORT \$710,253 PLEDGED

Increase of \$187,121 Is Estimated Since Figures Were Turned in at Yesterday's Luncheon.

Community Fund workers in their seventh annual campaign for \$1,900,000 to finance 51 social service agencies of St. Louis and St. Louis County during 1929 passed the \$700,000 mark today when they reported for the third luncheon rally of the campaign at Hotel Statler at noon. The tabulated total of subscriptions at noon was \$710,253, and subsequent pledges were estimated this morning at \$187,121.

George M. Berry, in a message to the 4000 volunteer workers, voiced a warning against the danger of overconfidence at this stage of the drive. "We are receiving too many renewals for the same amounts that were contributed last year," he declared. "If we are to succeed we must have increased all along the line, averaging 15 per cent, to take care of the increased goal this year."

Ackert's Team Rides Fire Truck.

Several of the city's leading clergymen were invited as guests to the luncheon today. The team captained by Harold C. Ackert in a downtown district, turning in 99 per cent of its quota yesterday, received the honor of riding a fire truck through the downtown district this afternoon to adjust the huge "heart indicator" at Tenth and St. Charles streets.

Dr. Thomas E. Green of Washington, D. C., a speaker of the American National Red Cross Roll Call, which is part of the Community Fund in St. Louis, will address the student body of Washington University and the faculty tomorrow.

William Yarborough, 75, and John Metz, 67, Succumb—Woman Driver Is Exonerated.

William Yarborough, 75 years old, 4214 Maryland avenue, died at Barnes Hospital yesterday of a fractured skull suffered Tuesday when he was struck by an automobile driven by Miss Pearl Lachman, 5226 Kensington avenue, while crossing Kingshighway near Waterman avenue. A coroner's verdict of accident was returned at an inquest today.

John Metz, 67, an engineer, 5807 Hodiament avenue, died at City Hospital yesterday of a skull fracture suffered Wednesday, when he was hit by a motor truck driven by Mathew Devos, 1310A Montgomery street, while crossing the street in front of 7200 North Broadway.

A coroner's jury today ordered Devos held under \$5000 bond for criminal carelessness.

The deaths brought the number of automobile fatalities in St. Louis since Jan. 1 to 151, as compared with 107 at this date last year. The number of deaths so far this year exceeds by 10 the number for the same period in 1925, when there were 192 motor vehicle fatalities—a record.

Charles Bixler, 124 Parsons avenue, Webster Groves, suffered a fractured skull yesterday, when he was struck by a machine driven by Harrison Holmes, a Negro, 2022 Thomas street, at Jefferson and Ann avenues.

Melbourne Vinson, 3014 Morgan street, was injured internally when struck by the car of James Langinotti, 4764 Maffitt avenue, while crossing the street in front of 2931 Gamble street.

Charlotte Tasson, 15, 3630 Hebert street, suffered a skull fracture when she was struck by a machine driven by Arthur Kamm, 2017 Whittier street, while attempting to cross Dodier street at Grand boulevard.

EGGS THROWN AT MEETING ADDRESSED BY BISHOP CANNON

Churchman Ignores Incident and Continues Attack on Gov. Smith and Senator Glass.

By the Associated Press.

BLUFFFIELD, Va., Oct. 26.—Ignoring the hurling of two eggs against a window by persons who fled, Bishop James Cannon Jr. of Richmond, continued his attack on Senator Carter Glass and Gov. Smith here last night.

Bishop Cannon said that Senator Glass was not in Richmond when he and Senator Mann were at the capitol fighting to rid the State of saloons.

At mention of Senator Glass' name the eggs were thrown into the assembly hall through a rear window. Bishop Cannon did not refer to the incident. Several persons in the audience rushed out to apprehend the throwers but were unsuccessful.

Pryor, jointly; Mrs. William K. Bixby.

EAST-WEST FLIGHT ACROSS U. S. IN 24 HOURS 51 MINUTES

Capt. C. B. D. Collyer and Harry Tucker Set New Record From New York to Los Angeles.

By the Associated Press.

LOS ANGELES, Cal., Oct. 26.—A new east-to-west non-stop record of 24 hours and 51 minutes was established here last yesterday by Capt. C. B. D. Collyer, pilot, and Harry Tucker, as passenger, in the latter's Lockheed-Vega monoplane "Yankee Doodle." When they landed at Mines Field here from New York they had broken the previous record of 26 hours and 50 minutes made in 1923 by Lieut. John MacReady and Oakley G. Kelley.

The setting of a new east-to-west non-stop record by Capt. Collyer, co-holder of the around-the-world travel record, gives Tucker, owner of the plane, a monopoly on transcontinental non-stop air records.

With Art Goebel, Pacific flyer, at the controls and Tucker aboard the cigar-shaped craft flashed to an astonishing west-to-east record of 18 hours, 55 minutes a few weeks ago. The flight was from Los Angeles to New York, and the flyers later announced a new and shorter route had been discovered, which, with a brisk wind at the ship's tail, accounted for the fast time.

Ran Into Fog, Wind and Rain.

The course of both flights lay over McKeesport, Pa., Columbus, Indianapolis, Terre Haute, Ind., Wichita, Albuquerque and through the San Bernardino Mountain Pass.

The west-east flight was the only successful non-stop flight ever made, while yesterday's flight was the second non-stop flight westward across the continent.

The latest successful flight for the "Yankee Doodle" was a decisive victory over adverse wind, fog and rain above the Alleghenies and again over the Rocky Mountains that threatened to send it down short of gasoline before the goal was sighted.

The "Yankee Doodle" after successfully fighting the head winds of the Alleghenies in September, was forced down at Prescott, Ariz., when the western winds wasted away the ship's gasoline supply. At that time the plane was racing westward in the transcontinental nonstop derby of the National Air Races, held here.

"We left with 525 gallons of gas this time," Tucker said. "In flying over the Allegheny Mountains near Bellefonte, Pa., we ran into the worst fog I ever have seen, and I have flown a lot. We couldn't see the wing tips. We had to circle around and try another pass through, and we lost an hour. We could have made it in 24 hours in spite of the head winds if it hadn't been for that."

"When we started through San Bernardino Pass, I knew we were all right and it was as good as over." The pass is a cleft in the San Bernardino Mountains, the last range before the flyers slipped into Los Angeles.

Fuel for 90 Minutes in Tanks.

Collyer estimated that he had enough fuel for 90 minutes more in the air when the ship landed.

There were no jagged rents in the plane's fuselage this time, nor broken windows, as there had been when the ship landed on Mines Field in the derby flight. Tucker, in feeding extra fuel to the motor in the September dash, attempted to throw gasoline cans out of the ship with almost disastrous results.

When he climbed from the plane yesterday he exhibited a pair of tin shears and a stack of tin strips behind his cockpit seat. Instead of throwing cans out, he had cut them up.

The plane left Roosevelt Field at 3:16:35 p. m. St. Louis time Wednesday, and came to a stop here soon after 4 p. m. St. Louis time. It was sighted at Wichita and Albuquerque.

FLYING WITH LINDBERGH, HUNTER KILLS ANTELOPE

Col. McNab Shoots from Plane; Aviator Bags a Deer in Mexico.

By the Associated Press.

EAGLEPASS, Tex., Oct. 26.—A telegram from the Hal Mangum ranch in Mexico where Col. Charles A. Lindbergh is hunting, advised today that Col. McNab, military attaché at Mexico City, killed an antelope when he was flying with Lindbergh.

(Copyright, 1928, by the Press and Publisher Publishing Co., the New York World and Post-Dispatch.)

MEXICO CITY, Oct. 25.—Col. Charles A. Lindbergh, who is in Mexico to do some hunting, has obtained permission from the Ministry of Agriculture to shoot two cinnamon bears and two machos berendos. The last named are wild bulls found in the northern states of the republic below the Rio Grande. They are black and yellow in color.

A telegram yesterday from Hal Mangum, owner of the million-acre hacienda, La Babin, where Lindbergh is a guest, had this to say: "We are having a wonderful time. Lindbergh bagged a deer three hours after he got here."

IRONDALE BANK HELD UP; \$1700 IN CURRENCY TAKEN

Sheriffs From Potosi and Farmington and Deputies Search for Men in Green Car.

Special to the Post-Dispatch.

BISMARCK, Mo., Oct. 26.—The Irondale Bank at Irondale, Mo., was held up and robbed as it opened this morning. The cashier, W. H. Jamison, had just entered the bank and opened the vault and safe, when two unmasked men, who had parked a green automobile across the street, entered the bank, closed and locked the front door and, with drawn revolvers, ordered the cashier to deliver all the currency in the safe, \$1700. They refused to take silver.

They drove away toward Flat River. The loss is fully insured. Sheriffs from Potosi and Farmington with deputies started in search of the robbers.

\$38,000 BANK HOLDUP AT GARY

Airplanes Sent Up in Search for Seven Robbers.

By the Associated Press.

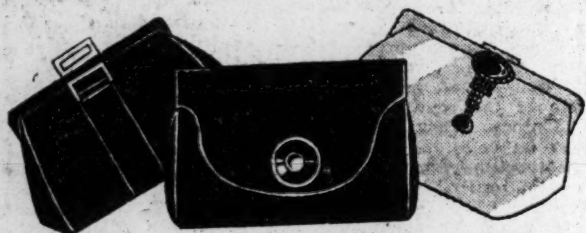

GARY, Ind., Oct. 26.—Seven men held up the Glen Park State Bank this afternoon and escaped with \$38000 in currency and \$30,000 in bonds after forcing the vice president to open the bank vaults. Five bank employees and as many customers were herded together in a back room and made to lie on the floor under guard while the other men obtained the loot. The robbers fled in an automobile. Two airplanes were sent up to search for the robbers.

**SHOTS FIRED INTO ROOM
OF NEGRO CAMPAIGNER**

Concord, Mo., Church Burned
Shortly After St. Louisan's
Speech There.

Special to the Post-Dispatch.

CARUTHERSVILLE, Mo., Oct.
26.—Walter S. Lathon, St. Louis
Negro Republican campaign speak-
er, was unhurt, but the bed on
which he was sleeping was scarred
by bullets, when several shots were
fired into his room here at 3 a. m.
yesterday.

Lathon has been delivering
speeches in Pemisec County for
several days, and has been staying
at a house in the Negro section
of Caruthersville. Wednesday night
he spoke in a church at the vil-
lage of Concord, and is said to have
talked of the local political situ-
ation, as well as of the national
campaign.

Before daylight yesterday, the
church in which Lathon had spok-
en a few hours before was burned
to the ground. Within an hour or
so of this occurrence—it is not
certain which happened first—
Lathon was fired upon in his room.
The local authorities have been
unable to get information which
would point to the identity of the
persons who apparently sought to
kill Lathon, and no arrest has been
made for the shooting or for the
act of incendiarism.

Lathon is scheduled to make
more speeches in this county, but
it could not be learned here today
whether he intended to remain and
fulfill his program. He lives at
4022 1/2 Finney avenue, St. Louis.

Lathon formerly was custodian
of the Municipal Courts Building
in St. Louis, directing the work of
janitors and other Negro employes.
He served under the Kiel admin-
istrations.

British Textile Output On.
LONDON, Oct. 26.—The Ameri-
can textile industry has not been
alone in suffering from over-pro-
duction. The Federation of Mas-
ter Cotton Spinners' Association
has recommended a restriction pro-
gram to strengthen the position of
the industry. Several mills are
closing down for indefinite periods.

SMITH'S TARIFF PLAN INDORSED BY HOUSE NOMINEES

More Than Three-Fourths of Democratic Candidates for Congress Sign Pledge, Raskob Says.

CREDITS PROSPERITY TO WOODROW WILSON

National Chairman Avers G. O. P. "Protectionist Scheme" Endangers Further Good Times.

By the Associated Press. NEW YORK, Oct. 26.—More than three-fourths of the Democratic members of and candidates for Congress have signed a declaration indorsing the Democratic tariff plank and Gov. Smith's interpretation of it in his Louisville speech, Democratic National Chairman John J. Raskob announced in a radio address last night.

The declaration reaffirmed the allegiance of the party to a non-partisan tariff commission as recommended in the platform and expressed approval of Gov. Smith's remarks at Louisville when he promised to consider no change in the tariff but specific revisions in specific schedules, each considered on the basis of investigation by the nonpartisan commission and hearing before Congress.

Credits Prosperity to Wilson. Raskob also said that the prosperity for which the Republicans took full credit had resulted from eight years of Democratic rule under President Wilson.

Further good times were endangered, he contended, because the Republican "protectionist scheme" made no provision for restoring the buying power of the farmers and building up the domestic market. The domestic market, he maintained, offered more possibilities of absorbing the output of American industry than the export trade favored by Herbert Hoover.

Immigration and the tariff as campaign issues are as "dead as Daron," he asserted, because the Democrats were pledged not to tinker with tariff schedules or immigration in such a way as to interfere with the American standard of living or wages.

This, he added, "leaves the Republican party the prohibition party of the United States, as they have no other issues."

Would Develop Home Market. To support his statement that the "economic policy established by President Wilson is the principal cause of post-war good times," Raskob called attention to the Federal Reserve Act and the war-time business boom and high wages under Democratic rule.

Concerning the tariff, Raskob declared: "It is the tariff as the Republicans propose to apply it plus the surplus (crop surplus) which is destroying our agriculture," he said.

"Let us develop our export trade to the fullest extent possible, but let us also develop a much larger field, namely, our domestic market. All we have to do is to provide plain economic justice to agriculture. Let us bring it inside of our protective system and restore its buying power. The result will be the greatest forward impulse to prosperity since the rise in labor wages under Wilson."

Turning to Gov. Smith's capacity for handling large business affairs, he mentioned the names of a number of prominent business men who had placed their confidence in the Democratic nominee.

Announcement of the wedding was made from her summer home by Mrs. Charles Morgan Wood, mother of the bride.

Both principals had been previously divorced. Mrs. Evelyn Huffman Patterson obtained a decree from her husband six weeks ago while the former Mrs. Gorman was divorced recently by E. J. B. Gorman of Dayton.

Patterson succeeded his father as head of the cash register company. He served in the war with the photographic division of the Air Service in France. He is a former president of the National Aeronautic Association and won a reputation as a big game hunter in East Africa.

Patterson is the father of two girls, 6 and 2 years old, by his first marriage, while his bride, by her former marriage, was the mother of a girl and two boys, 9, 7 and 2 years old.

Illinois Woman, 106, Dies. PERU, Ill., Oct. 25.—Mrs. Josephine Maymak, 106 years old, the oldest resident of this part of the State, died at her home here yesterday.

ANTI-CATHOLIC APPEAL DISCLOSED BY KOELN

Republican Leader Gives Out Letter Sent to Him by the Fellowship Forum.

Collector Edmund Koeln, Republican city political leader, today made public an appeal he had received through the mail from the Fellowship Forum, an anti-Catholic publication, soliciting funds to defeat Gov. Smith and "The Roman Catholic Clerical Party."

Koeln declared he could not explain how the publication, which has headquarters in Washington, obtained his name, unless it was from some Republican mailing list.

It is explained in the appeal that the money sent by contributors is to be used in financing circulation of an additional 100,000 copies of the paper weekly in Alabama, Georgia, Kentucky, Mississippi, North Carolina, Virginia, Florida, Arkansas and Texas.

"No Yielding" by Rank and File. "The rank and file of men and women in those states," the letter states, "are indifferent to all parties in either party platform, save that pertaining to the eighteenth amendment and they might pass that over. But where their religion is concerned, there is no compromise, no yielding."

"The Fellowship Forum" is read each week by more than a million Americans, who believe as it does that the election of Al Smith will mean further Romanizing our Government.

"These million readers are a unit against Al Smith, because he is wet and they are ardent prohibitionists, but were he dry most of them would oppose him on religious grounds."

Pledge Card Enclosed. A pledge card inclosed with the letter, to be signed by the contributor, bears these words: "I am in hearty sympathy with you in your effort to defeat the Roman Catholic Clerical Party and to burst up the solid South as a solemn rebuke to Roman Catholics meddling in our American political affairs and also to rebuke those of our own people who for political or other reasons affiliate with un-American groups to upset our Government."

Koeln declared that while he is actively engaged in advancing the interests of the Republican ticket in St. Louis he does not approve of the anti-Catholic appeal. The letter directs contributors to send funds to James S. Vance, editor of the Fellowship Forum, who enclosed a self-addressed envelope marked "personal and confidential."

GOLDE CLOTHES

Super-value has made Golde Clothes a winner in St. Louis. For the greater convenience of our many friends living in East St. Louis, we are opening a store in that city which in points of beauty, comfort and complete stocks will rival any clothing store in the country.

This is the 38th link in the Golde chain of big busy stores spreading from Maine to Missouri.

Direct from our 5th Ave. Tailor Plant
at estimated savings of from \$15 to \$20

Competitors have been unable to understand just how we could put such wonderful style, fine tailoring and choice fabrics into clothes to sell at \$22.50.

It's simple as A, B, C—We buy our woolens in large quantities for cash, manufacture everything ourselves, and sell direct to you, eliminating all in-between profits.

Try on any Golde Suit or O'coat and note how perfectly it fits—the snug collar—the smooth body drape that only master designing and a great deal of hand work could make possible.

Daily fresh shipments from our 5th Ave. New York, tailor plant keep selections fresh and up-to-the-minute, so that no matter the style and color combination you may have in mind, you're bound to find it here and at a great saving.

'SMUGGLED DIAMONDS' USED IN \$2100 SWINDLE

Tailor Learns He Holds Rhinestones as Security for Loan to Strangers.

Harry Holtzman, a tailor, living upstairs over his shop at 29 1/2 Market street, today told police how he had been swindled of \$2100 in savings by three men who gave him "diamonds" as security for the money they borrowed. After holding the diamonds for a month, Holtzman took them to a jeweler, who informed him they were rhinestones worth about 25 cents.
Sept. 15 a "Mr. Greenberg" visited the shop and negotiated to purchase the property for \$14,000. He returned Sept. 27 and was followed into the shop by a "Mr. Levine," who posed as a "smuggler of diamonds from Belgium," and a "Mr. Tineberg," who posed as a jeweler.

Levine produced eight glittering stones which Tineberg weighed on a jeweler's scale and appraised at \$4600. Tineberg wanted to buy them, but had only \$2000. Greenberg lent him \$500 and Holtzman was induced to lend the other \$2000 until the next day, and take the diamonds as security until the loan was repaid. Holtzman withdrew the \$2100 from his account at the Industrial Loan Co. and gave it to Tineberg.

Tineberg did not return to repay the \$2100 loan and recover the diamonds. Levine and Greenberg also failed to return. Holtzman, however, had the diamonds and did not worry until yesterday, when he held them to the sunlight and saw through them. He became alarmed as he had heard one could not see through real diamonds. So he rushed to a jeweler, who confirmed his suspicion that he had been swindled.

The swindle is identical with one by which three men obtained \$280 from Mrs. Jacob Karp of Hannibal, Mo., early this month.

40,000 FACE LOSS OF VOTE UNDER NEW JERSEY LAW

Suspected Names Struck Off Registration Lists Under State Supreme Court Ruling.

By the Associated Press.
NEWARK, N. J., Oct. 26.—Forty thousand registrants in Hudson and Essex Counties, Democratic strongholds, face the prospect of being struck off the rolls on the ground that they are illegally registered. This action followed a State Supreme Court decision holding unconstitutional the law giving superintendents of election the right to remove from the lists such names as they believe to be illegally registered. This law was passed by the Republican Legislature early this month over the veto of the Democratic Gov. Moore.

More than 24,000 names were ordered off the registry lists in Hudson County yesterday by John Ferguson, superintendent of elections. The recourse of those affected is to apply to the courts to show they are legally registered.

Democratic leaders interpret the action as an effort to defeat Gov. Smith. They say that the redress to the courts given to voters whose names are stricken from the lists means little as the time is so short before election that only a small part of the 40,000 will have an opportunity to be heard. They also have asked for an investigation of the registration in Atlantic City, one of the strong Republican cities where 75 per cent of the estimated population is registered.

UNION OFFICER ARRESTED ON \$1942 SHORTAGE CHARGE

Hugh J. Gordon, Printing Pressmen's Secretary, Declines to Make Statement.

Hugh J. Gordon, secretary and treasurer of the St. Louis Web Printing Pressmen's Union No. 38, was arrested last night at the request of a trustee of the union who said an audit of Gordon's books disclosed a shortage of \$1942.48. The fact of the shortage was published two weeks ago when it was estimated to be from \$3500 to \$7000.

Gordon was taken in custody as he approached Hotel Jefferson to keep an appointment there with J. C. Orr, international secretary of the union. He made no statement.

TEACHER AND FIVE CHILDREN IN AUTO KILLED BY TRAIN

Machine of Forsyth, Mont., High School Assistant Principal Struck by Freight on Crossing.

By the Associated Press.
FORSYTH, Mont., Oct. 26.—Mrs. Ralph Abbott, 50 years old, assistant principal at the Howard High School, 10 miles west of Forsyth, and five school children, were killed and three others injured on their way home from school yesterday when Mrs. Abbott's car, in which they were riding, was struck by a freight train at the Northern Pacific crossing at Howard.

GETS 7 YEARS FOR ASSAULT

On his plea of guilty to a charge of attempted assault, Mason Lewis, 15-year-old Negro, today was sentenced to seven years in the penitentiary by Circuit Judge Hall. He formerly was employed in a sandwich shop at 3656 Washington avenue.

The offense occurred last Aug. 19, when he placed a ladder to the window of a second floor apartment in the Argonne apartments building, entered the bedroom of a 19-year-old white girl. The young woman fought him off and he fled from her bedroom. He was recognized as he ran, and later arrested.

BAR ASSOCIATION CAMPAIGNING FOR BI-PARTISAN LIST

Speakers Urge Election of
Candidates for Circuit At-
torney and Judges Body
Has Indorsed.

MERITS OF FAVORED
GROUP STRESSED

Franklin Miller Supported
in Race Against Sidener
—Selections for the
Bench.

Leading members of the St.
Louis Bar Association, speaking at
night and noonday gatherings
through the remainder of the cam-
paign, will advocate the election of
the candidates for Circuit Judges,
Circuit Attorney and Judges of the
Court of Criminal Correction in-
dorsed in the Bar Association's re-
cent poll.

The indorsed candidates are
Franklin Miller, Democrat, for Cir-
cuit Attorney; H. A. Hamilton,
John W. Calhoun, C. O. Peary,
Wilson A. Taylor, E. G. Ossing and
V. H. Falkenhainer, Republicans,
and O'Neill Ryan, James F. Green
and Moses N. Sale, Democrats, for
Circuit Judges; E. E. Butler and
Paul A. Gayer, Republicans, for
Division 1 and 2 of the Court of
Criminal Correction.

One of the Bar Association speak-
ers, Wilton D. Chapman, spoke in
support of the candidates before the
Civitan Club at luncheon at the
American Hotel today.

An affirmative campaign, on the
merits of the indorsed candidates,
will be conducted, Jacob M. Lashley,
president of the Bar Association,
said today. The speakers will
stress the Bar Association's plan to
bring about a change in the
manner of selecting judges, so as
to take these offices out of the
field of party politics. Until this
can be done, the association urges,
the election of its bipartisan list of
recommendations will be the best
approach which can be made to
taking the courts out of politics.

In Support of Indorsed Men.
The Bar Association's plan, as
outlined, is to speak in support
of the indorsed candidates, rather
than against those not indorsed.
However, it may be difficult to
keep some of the speakers strictly
to this line, especially in discussing
the circuit attorneyship, for which
the present incumbent, Howard
Sidener, is the unindorsed candi-
date.

Former Circuit Judge William
T. Jones, a Democrat, spoke last
night to Spanish-American War
veterans, in Swedish-American
Hall, in support of the Bar Asso-
ciation ticket. He explained the
manner in which the Bar Asso-
ciation made its indorsements before
the primary, and how the bipar-
tisan list was selected, by poll of
the members, after the primary.

Judge Jones said that, while the
people are responsible for elect-
ing capable and competent judges,
the lawyers feel it their duty to
inform the public as to the qual-
ifications of candidates. This is
done in an impersonal and non-
partisan way, he said, by the Bar
Association poll.

Importance of the Courts.
"Laws are not self-enforcing,"
he said. "They are enforced by
men in office. We must have
competent and trustworthy men in
every branch of the courts if we
are to have law enforcement. The
civil courts are not less important
than the criminal courts."

R. P. Buckley, speaking to
Aubuchon-Dennison Post, Disabled
Veterans' Club, discussed the cir-
cuit attorneyship, and referred to
the Rutherford murder case, set-
tled by Circuit Attorney Sidener
with payment of a \$500 fine. "In
the old Anglo-Saxon times," he
said, "a murderer could atone for
his crime by paying 'man money'
to the relatives. Is there much
difference between that and the
paying of a fine to atone for the
cold-blooded and brutal murder of
a boy?"

MRS. GOMPERS FOR HOOVER
By the Associated Press.

NEW YORK, Oct. 26.—Mrs.
Samuel Gompers, widow of the
late president of the American Fed-
eration of Labor, announced in a
letter made public yesterday at Re-
publican headquarters here that
she would cast her first ballot this
year, and that her vote would go
to Herbert Hoover.

SAYS BREAK IN SOUTH WOULD INJURE PARTY 50 YEARS

Senator George of Georgia, How-
ever Predicts Victory for
Gov. Smith.

WAYCROSS, Ga., Oct. 26.—Sen-
ator Walter F. George told an au-
dience at a Democratic rally her-

last night that if the Democrats
lose any Southern States in the
forthcoming presidential election
the party will suffer an injury
which will require 25 to 50 years
of overcome.

Senator George, however, pre-
dicted victory for the Democrats
and expressed belief that Georgia
will give Smith a majority of 40-

CUTTEN INTERESTS BUY \$50,000,000 OF SINCLAIR STOCK

Chicago Financier and Fisher Brothers Said to Have Purchased 1,240,519 Shares in Oil Concern.

By the Associated Press.
NEW YORK, Oct. 26.—Arthur W. Cutten of Chicago and associates, including the Fisher brothers of Detroit, yesterday acquired a substantial interest in the Sinclair Consolidated Oil Corporation through the purchase of treasury common stock, and the corporation announced Cutten would be elected to the board of directors at the next meeting.

The Cutten-Fisher interests are reported also to have bought heavily into the stock of the New York Stock Exchange. Nearly 1,000,000 shares of it changed hands in the past two days, and it rose in price from \$32 to \$37.25, and closed yesterday at \$36.75.

Of 5,500,000 shares, Sinclair has 4,256,481 shares outstanding. The Cutten-Fisher group is understood to have purchased the balance of the stock, numbering 1,240,519 shares. On the basis of yesterday's quotations, the market value of the treasury stock acquired would be more than \$50,000,000.

Cutten and his associates are already heavy investors in oil stock, and yesterday's transaction revived rumors that the Sinclair company may be merged with one or more of the companies in which the group is interested, particularly with the Pan-American Petroleum and Transport Co.

It also was reported in Wall Street that Sinclair will absorb the Venezuela Petroleum Co., which has large holdings in Venezuela. Such action was foreshadowed when Mason Day, vice president of the Sinclair Exploration Co., recently was elected to the board of Venezuela Petroleum.

In addition to Pan-American, the Cutten-Sinclair interests have large holdings in the stock of the Texas Corporation, the Richfield Oil Co. of California, Tide Water Associated Oil Co., Mexican Sea Board Oil Co., and the Atlantic Refining Co.

Cutten made a fortune in the Chicago grain market, and since has carried on gigantic operations in the stock market. In almost all of his large transactions the Fisher Brothers have been associated with him. The group recently acquired control of the Baldwin Locomotive Co. through open market operations, and have large holdings in Westinghouse Electric and Manufacturing Co., Armour & Co., General Motors Corporation, and Montgomery Ward & Co.

Sinclair Consolidated is one of the largest oil enterprises outside of the Standard Oil group. Subsidiaries include oil and gas producers in many important fields in the United States and Mexico. Through subsidiary and affiliated companies, Sinclair has refining, tank car, pipe line, storage, ocean transportation and marketing facilities. Foreign interests include companies in England, France, Portuguese West Africa.

BOND ISSUE COMMITTEE GETS STREET WIDENING ORDINANCES

Action on \$206,438 Appropriation for Hampton Avenue Delayed.
Seven ordinances appropriating a total of \$206,438 of bond issue funds, to start the work of making Hampton avenue an 80-foot major street across the entire southwestern quarter of the city, between Oakland and Gravois avenues, were laid before the Citizens' Bond Issue Supervisory Committee yesterday. But approval was deferred pending discussions with city engineers. The work is to be done next summer.

Effect of the ordinances would be to make the street paved or graded to the 80-foot width from Gresham avenue, near Gravois avenue, to the River des Peres, just south of Manchester avenue. The city is preparing plans for a pretentious viaduct to carry Hampton avenue across the River des Peres, the Frisco and Missouri Pacific railroad tracks and Manchester avenue. Hampton later is to be widened between Manchester and Oakland.

The supervisory committee yesterday approved ordinances to purchase 10 pieces of property in the Memorial Plaza site, which were presented to it a week ago.

DUNN'S

55 Years at
312-14-16 Franklin Av.G. B. LOCKWOOD,
DAUGHERTY'S AID,
HELPING HOOVER

He Is Serving as Assistant
Director of Publicity for
the Republican National
Committee.

By PAUL Y. ANDERSON,
A Staff Correspondent of the Post-
Dispatch.

WASHINGTON, Oct. 26.—George
D. Lockwood, once the political
lieutenant of Attorney-General
Harry Daugherty, and author of the
celebrated attempt to "get" Sena-
tors Walsh and Wheeler of Monta-
na in 1924, has been made as-
sistant director of publicity for the
Republican National Committee.
His duties consist in supervising
generally the publicity issued by the
committee in behalf of Hoover and
Curtis.

Inquiries to ascertain who was
responsible for Lockwood's ap-
pointment were made at the head-
quarters yesterday, but failed to
elicit definite information. How-
ever, the responsibility rests logi-
cally upon Dr. Herbert Work, chair-
man of the National Committee.
Lockwood was secretary of the
Republican National Committee in
1923 and 1924, when Senator Walsh
undertook the investigation of the
oil leases, which was followed by
Senator Wheeler's investigation of
the Department of Justice under
Daugherty. Before either inquiry
was completed, Wheeler was indicted
by a Federal grand jury in Monta-
na, on charge of practicing law
before a Government department.

Lockwood Directed Inquiry.
A Senate committee, of which
Senator Borah was chairman, was
directed to make an investigation
of the circumstances. The inquiry
disclosed that the indictment had
been returned at the instance of
Elmer Coan, who had been sent to
Montana by Lockwood for the pur-
pose of "getting something on"
Walsh and Wheeler, and "smear-
ing" them in such a way that they
would abandon the investigations
of Teapot Dome and the Depart-
ment of Justice.

Coan himself took the witness
stand before the Borah committee
and boldly confessed his part in
procuring the indictment. The fol-
lowing excerpt is from his testi-
mony:

Senator Borah: Who employed
you to go to Montana?

Coan: George B. Lockwood of
the Republican National Commit-
tee.

Senator Swanson: Is he a mem-
ber of the Republican National
Committee?

Coan: Yes, he is secretary of it.
Senator Swanson: Did he tell you
the purpose for which he employed
you?

Wanted to Smear Wheeler.
Coan: Yes, I was sent out to
Montana to investigate some of
these stories about Senator Wheel-
er. Wheeler had been attacking
the administration and everybody
in public life here, and nobody
seemed to be willing to get up and
answer him, and they thought it
was up to somebody to find out
who this fellow was, and what he
had been doing.

Subsequently, former Attorney-
General Grout of Montana testi-
fied before the committee that
Coan had come to him and asked
him to make "a good, strong affi-
davit against Wheeler."

He said that Coan also declared
he "wanted to get something on
Walsh, so he could smear him,
too." Grout testified he told
Coan that he could not get any
place with the charge against
Wheeler, and that Coan replied:
"We don't care anything about
that; we just simply want to smear
him."

The Borah committee brought
in a report completely exonerating
Wheeler, who later was acquitted
by a jury.

Lockwood Assumes Post.
Lockwood followed Daugherty
into political obscurity. He emerged
during the recent presidential pri-
maries, and became active in the
campaign to obtain delegates for
Hoover, prior to the convention
at Kansas City.

Until this week the post of as-
sistant director of publicity was
held by Alfred H. Kirchofer, man-
aging editor of the Buffalo Evening
News and formerly a well-known
Washington correspondent. Kir-
chofer returned to Buffalo this
week to resume his regular duties,
and Lockwood appeared to succeed
him.

The director of publicity is
Henry J. Allen, former Governor
of Kansas. Up to this week, how-
ever, Allen had taken very little
part in the work, the active direc-
tion being under Kirchofer.

**UNIDENTIFIED MAN KILLED
BY STREET CAR IN COUNTY**

Note in Pocket Says: "This Man
Wants to Go to the Old
Folks' Home."

An unidentified white man, about
65 years old, was killed by a Kirk-
wood-Ferguson street car at the
Kent car stop near Ramona Park
at 5:45 a. m. today when he
stepped too close to the car as it
came to a stop.

The only articles in the man's
pockets were an old street car
transfer and a penciled note: "This
man wants to go to the Old Folks'
Home; Broadway, Taylor and
Wellston cars." The man was
shabbily dressed, 5 feet 7 inches
tall, and weighed 160 pounds. The
body was taken to Coroner Bopp's
morgue at Kirkwood.

MRS. WILLEBRANDT**AGAIN ASSAILS SMITH**

Says He Would Put White
Aprons on States; Hoover
Would Stop Cocktails.

By the Associated Press.

NASHVILLE, Tenn., Oct. 26.—
Herbert Hoover will bring "cock-
tailless" days to the United States
if he is elected President just as
he brought wheatless and sugarless
days during the World War while
serving as Food Administrator.
Mrs. Mabel Walker Willebrandt,
United States Assistant Attorney-
General, told a Nashville audience
last night in urging Southern Dem-
ocrats to put "principle above
party."

Mrs. Willebrandt also ridiculed
Gov. Smith's immigration plans
and denounced his Tammany Hall
connections.

"The Democratic platform treats
prohibition, immigration and the
tariff in accordance with old prin-
ciples of the Democratic party,"
Mrs. Willebrandt said, "but Gov.
Smith bolted that platform when
he accepted the nomination."

Gov. Smith's prohibition plan
would "put white aprons on the
States and make them serve as
bartenders," Mrs. Willebrandt said.

She urged the States to use their
police powers to strengthen en-
forcement of the prohibition laws,
and charged that the New York
Governor, by his stand, had
wrecked the machinery of probi-
tion law enforcement in his State.

A flood of immigrants from
Southern Europe would pour into
this country if Smith's immigration
plan were accepted, she said.

The speaker charged Gov. Smith
with changing his views on farm
relief "as often as his deluxe train
moved from one station to another."

Mrs. Willebrandt, who was intro-
duced by Jeff McCann as "the most
outraged and cruelly treated wom-
an in America," ignored a set of
questions asked her by Nashville
Democratic women. The questions
dealt mostly with prohibition, and

asked Mrs. Willebrandt if she
agreed with Eastern Republican
leaders that prohibition is not an
issue of the campaign.

**YOUNG FRENCH ARISTOCRAT
ON TRIAL FOR DROWNING SON**

Admits He Threw Baby Into Canal;
Servant Girl, Mother of Child,
Tells Story of Romance.

(Copyright, 1923, by the Press and Pub-
lishing Co., the New York
World and Post-Dispatch.)
PARIS, Oct. 26.—A young provincial aristocrat, Pierre de Crozet-Reyssac, son of the Mayor of Avignon, is on trial at Toulouse for drowning his 2-year-old son, the child of a servant girl at his family's chateau.

The mother told a pitiful story of her romance with the young man. Earning barely enough to support her baby, she finally pleaded with the father for financial aid, after young Reyssac's own mother had ceased to help her, she related. Young Reyssac, who at the time was on the point of marrying an heiress, suggested taking the child to a state asylum. The mother finally agreed.

The father left the chateau with the child in his automobile. It was winter. He drove until he came to a point where the road crossed a bridge over a canal. There he stopped his car and began undressing the child, who clung to his neck, screaming. Ignoring the boy's cries, Reyssac threw his son into the icy water. Then he returned to the chateau and joined the family circle as though nothing out of the ordinary had happened.

All Reyssac could say in his defense when the trial opened was that he was not convinced that he was the father of the child, and that at the moment of the crime the dark water of the canal seemed to exercise an almost hypnotic influence over him.

WASHINGTON, Oct. 26.—The financial statement of the Republican National Committee for the period between Oct. 1 and Oct. 25 published today by party headquarters, disclosed receipts of \$1,516,053.42 and disbursements of \$1,162,965.50 in that time.

Joseph R. Nutt, treasurer, in his report for the House and Senate Campaign Funds Committee, said that the receipts up to Oct. 2 were \$2,561,504.93 and total disbursements \$2,123,894.64. The balance on hand Oct. 24 was placed at \$137,511.29.

The contributions were received from 52,371 persons, said Nutt.

As Agent for the States

The national treasurer serving as agent for the State Republican Committees, said he had received in addition, since the beginning of the campaign \$1,049,641.79, of which "which has been returned to the states as collected." He said that the sum had gone to the various state and county joint solicitors to pay their share of the joint solicitation of the state and national campaign purposes."

The national treasurer said that in addition to the expenses paid out for National Committee pur-

THE POST-DISPATCH PLATFORM

I know that my retirement will make no difference in its cardinal principles; that it will always fight for progress and reform, never tolerate injustice or corruption, always fight demagogues of all parties, never belong to any party, always oppose privileged classes and public plunderers, never lack sympathy with the poor, always remain devoted to the public welfare, never be satisfied with merely printing news; always be drastically independent; never be afraid to attack wrong, whether by predatory plutocracy or predatory poverty.

JOSEPH PULITZER,

THE ELECTION

(Excerpts from hundreds of letters received from Post-Dispatch readers on the campaign.)

THOROUGHLY agree with your editorial, "Why Gov. Smith Should Be Elected." It impressed me very much. I hope it will wake up the sleeping citizenry of St. Louis and vicinity.

E. E. PILCHIK.

WHY not bring to your readers the principal factor for American prosperity—such prosperity as it is? The great World War! This is something for which neither of the great political parties can claim credit.

ALEXANDER ROSE.

IT means a lot more to me that such a man as John Dewey, famous professor of philosophy at Columbia University, considered America's leading educator and one of the world's profoundest scholars, is for Smith—a lot more than that an automobile manufacturer is for Hoover.

WINONA, MINN. RALPH BAERMAN.

I HAVE never been considered intolerant in my thinking along any line of belief or conduct, but my soul has been stirred to its depths in the present political campaign over the cry of "intolerance"—all of which seems to be directed against the Protestant Church.

BENTON, ILL. I. L. JOHNSTON.

HAD Coolidge, Hoover, Mellon and Co. denounced and vigorously persecuted these delinquents (Fall, Denby, Daugherty, Hays), millions of their partisans would have applauded. But because of their silence and inexcusable inaction, these same millions have been driven to seek excuses and make apologies. The effect of this on the public mind is permanent in character, and more damaging to the nation than the petty pilfering of a thousand Teapot Domes.

MOBERLY, MO. I. C. GRIMES.

A FRIEND of mine who is an ardent admirer of Al Smith recently told me that he is employed by a firm whose head is a Republican. This man has received instructions that unless he contributes to the Hoover fund and unless he votes for Hoover, he will find himself out of a job.

A READER.

IT is true that for 140 years we struggled along without him, but now Hoover is indispensable. Without him the fields will become less fertile, the output of the mines will decline, the wheels of industry will be still. Never before did so small a mouse produce so profound a commotion. Worthless women, workers, merchants and bankers shiver—and gird up their loins to avert calamity.

I. H. LONBERGER.

ADMIRE Mr. Hoover's clear, clean exposition of the awful effect on the people of public ownership. See how greatly we suffer because of public control of the postal system.

OWEN O'KEEFE.

I WAS certainly disappointed in Mr. Hoover's New York speech.

C. C. SCHAFER.

AURORA BOREALIS MOSES and William Comet Tall White fighting under the black flag of the Republican bushwhacker and furnishing shafts for the whispering snipers to poison and hurl at the Democratic nominee are deporting themselves very much like political swerving devils.

CHAS. D. HANEY.

BENTONVILLE, ARK.
ANGLING for the German vote they claim a 200-year-old German ancestry for Hoover. Let us see. The Pathfinder of August 25 contains the story, over the name of Herbert Hoover, that the Hoover family was French as far back as the records were obtainable. Which is which?

JOHN C. MEYERS.

YES, I am a Democrat with my vote for Al Smith, and I am big enough to vote for our Republican Governor and senator democratic and Republican Judges because they are the best men for our country and I am not afraid of my position.

IONE PRESCOTT.

JOHN SCHMOLL is small intellectual, if he believes what he tries to tell others—that Al Smith lost 10,000 votes by his visit to St. Louis. I know he converted five in my family and I venture to say thousands of others.

S. E. M.

THOSE gross misstatements of the professional Republican politician that Mr. Herbert Hoover was such a great humanitarian to the German people is one of the campaign lies, and they cannot deceive the Americans of German origin or extraction.

A. THOMAS.

A VERY small boy was seen, by a politician, wearing a Smith button. The politician asked, "Who is that man whose picture you are wearing?" The little boy answered, "I don't know, sir." The man said, "Then why are you wearing it?" "Oh," smiled the little boy, "I found the button and liked the man's face and smile."

Senator Borah on Hoover

Senator William E. Borah, who has been in revolt on numerous occasions against the policies of the Republican administration, is one of the leading—if not the leading—advocates of the election of the Republican ticket. He has swallowed his objections to party policies. More than that, he is painting in glowing colors the qualifications of Mr. Hoover for the presidency. In doing that he is swallowing some rough things he said about Mr. Hoover.

Gov. Smith quoted portions of Senator Borah's speech on Mr. Hoover in the Senate, and Senator Borah declares that the quotations were misleading, because Gov. Smith did not quote the whole speech. A careful search of the files of the Congressional Record does not disclose a sentence in any of Senator Borah's speeches in the four days during the debate on the bill to appropriate \$100,000,000 to feed the hungry in war-stricken Europe which would sustain his charge that Gov. Smith's quotation was misleading. That debate was in 1919 and Senator Borah, in the course of it, made savage and damaging attacks on Mr. Hoover, picturing him as a tool of the packers, helping them to make enormous profits at the expense of the American people. The quotations we present are taken directly from the files of the Congressional Record. On Jan. 18, 1919, Senator Borah said:

I recognize in Mr. Hoover a man of great ability. It is not my purpose, by anything which I shall say, to challenge his personal integrity; but his viewpoint of things is such that it makes it impossible for me to turn over a hundred million dollars to him to expend in Europe. For the last four weeks I have been making a pretty thorough study of the relationship of the Food Administration to the vast concerns which control and dominate the food supply of this country; and I say here upon the floor, and I challenge successful contradiction, that three of the vast monopolies which control food in this country have, with relation to their commodities, directed and controlled the Food Administration since its organization.

I do not mean by that to say that Mr. Hoover himself has received any personal or individual benefit by reason of that. I simply mean to say that his viewpoint is such that he permits these people to, in effect, fix their own prices and arrange their own affairs to such an extent that it is a case of an individual dealing with himself in these transactions.

It is well known that the meat packers of this country have been one of the great powerful units in this matter of furnishing food. Now, at a time when the people of this country are hungry, when our own people are suffering; when, according to the Associated Press, hundreds of thousands of children in New York and Chicago and other great cities are not only kept out of school for want of clothes, but actually are dying for want of food; when mothers are committing suicide because they cannot respond to the lips that are begging for food; it is a fact demonstrated over the signature of the meat packers themselves, that their profits under Mr. Hoover amounted to all the way from 20 to 40 per cent for the last two years. Shall I be called upon, under my oath as a Senator here, to turn over a hundred million dollars to feed the poor of Europe, when I am notified that out of that hundred million dollars those that control the food products of this country will ask, and probably receive, from 25 to 40 per cent profit on their investments?

When Senator Weeks interrupted, to say he could not believe the profits of the packers had been that great, Senator Borah, describing the corporations to which he referred as those who dealt in nothing but food supplies, an indispensable part of feeding the people of Europe and this country, said they had realized under the administration of Mr. Hoover greater profits than they had ever realized in the history of their concerns, and added:

I will incorporate some figures later which will satisfy the Senator of the scandalous extortion of these companies from the people of this country. I do not want any man (meaning Hoover) to operate a trust fund by my vote who thinks that these figures represent decency or honesty.

After a brief debate between several other Senators, Senator Borah continued:

Whatever may be the great ability of Mr. Hoover, there is one individual whom he does not know exists in this country, and that is the taxpayer. He seems to think that money comes like manna to the children of Israel from heaven and not from the sweat and toil and sacrifice of the people. He has no conception of the existence of the taxpayer, and his distribution of food is utterly regardless of his existence.

Two days later, when the debate was resumed, Senator Gore of Oklahoma declared that a packing company official had admitted before the Committee on Agriculture that most of the fund sought by Hoover for European relief was to be used in purchasing surplus stocks which the packers had on hand. The late Senator Boise Penrose broke out in a savage attack on Hoover, declaring he had abused his high office and insulted every Republican in the country by advising the American people to support the Democratic party in the last election. He reflected on Mr. Hoover's Americanism, and insisted that a man who had taken no oath of office and of whose allegiance he was not sure, should not be entrusted with the expenditure of these enormous funds.

Upon the resumption of the debate on the following day, Senator Borah said the scheme to spend the \$100,000,000 was not based upon the facts which Hoover had discovered in Europe, but originated here, and he went to Europe to discover the facts. He declared further that he was not discussing Mr. Hoover individually, but he objected to "the system, the manner in which he distributes his funds and carries on his business—the interested parties whom he permits to realize unconscionable profits."

Asking the Senators who were supporting the bill whether they wanted the same man that administered the food administration here in this country to administer this fund in Europe in the same way and upon the same principles, Senator Borah said:

I want to read some figures which I did not have with me the other day, but which I have here now, and I do it because these are the profits which are made under the advice and by the consent and authority of the men who wish to administer this fund. I claim that when I go forth to do charity with another man's funds I should protect him to the extent of demanding not only honesty—and I am willing to concede that to Mr. Hoover—but a plan which will not permit even under the cover of honesty, the gathering of unconscionable profits from a charity fund.

The figures which Senator Borah read showed that the profits of five great packing companies in 1917 were four times as great as their profits in 1912. Concluding the reading of the figures, he exclaimed: "How did they get it? They got it under the administration of the Food Administration." Senator Borah declared that Hoover had selected a packing company official as his chief subordinate in the Food Administration, and that this man had used his war power to ruin independent packing concerns. The Senator continued:

War power, power to destroy competitors and build up private fortunes—no man who has such perverted view of decency ought to be entrusted with unlimited power to deal with \$100,000,000.

Senator Knox of Pennsylvania inquired if it actually was Borah's opinion that Hoover's relief plan was the result of a deliberate and prearranged scheme to relieve the packers of surplus stocks and thus allow them to stabilize their prices. To which Borah replied:

The Senator from Pennsylvania is an able lawyer and a sound judge of evidence. Let us review briefly, therefore, the facts and circumstances which warrant the conclusions I have drawn. First, let it be remembered that men in the employ of the packers, drawing large salaries from the packers, were in control of matters in the Food Administration, having particularly to do with the packers' interest; that upon the signing of the armistice the packers were left with a large food supply on hand which they had acquired during the war; that if a market was not found for this food they stood to lose a large sum of money, as prices would fall and they would have to sell on a falling market; that the point, therefore, was to find a market and thereby stabilize prices, and in this the packers were supremely interested.

To this end a conference was called between the packers and Mr. Hoover, and the entire subject matter was discussed, although we have not the details fully as we should like. Shortly after the conference the newspapers carried the statement that Mr. Hoover was going to Europe to look after the food situation, and might become the food dictator of Europe. On this trip to Europe with Hoover, sitting in with him and advising about the situation, were men in the pay of the packers; that within less than a week after Mr. Hoover arrived in Europe, and before he could have surveyed the situation, before he had been outside of Paris and London, the newspapers carried back here in substance his plan.

Then came his demand for \$100,000,000. This was followed by a telegram from Mr. White, a member of the Peace Commission, urging \$100,000,000 more, and referring to the fact that we had large food reserves in this country, the prices for which should be stabilized. Afterwards Mr. Glasgow, representative of the Food Administration, stated specifically that the packers had accumulated large supplies of pork, and that it was necessary to work this off, as we could to Europe, and that that was one of Mr. Hoover's purposes. Mr. Taltferro, representative of the packers, testified before a committee that in demanding this \$100,000,000 Hoover was simply keeping good faith with the packers, or, in other words, carrying out the understanding, express or implied.

Add to this the fact that he went in search of an opportunity to expend this money, and did not wait for the petitions or pleas to come from the distressed countries. Others may take what view they will; I cannot close my eyes to such a set of facts—to my mind intolerable and indefensible.

These are the charges brought by Senator Borah against Mr. Hoover as Food Administrator. They express Senator Borah's opinion of Mr. Hoover and his conduct. What worse charge can be brought against a man than that, entrusted with the control of food supplies in a war crisis at the cost of the American people he permitted the great food supply corporations to make excessive profits and planned his administration of the food supply for the hungry people of Europe for the benefit of the food supply corporations?

We submit to the American people the opinion of Senator Borah of Mr. Hoover as Food Administrator, to be contrasted with his opinion of Mr. Hoover as the Republican candidate for the presidency. We submit the question whether the man who, Senator Borah says, used his great power in controlling food supplies to favor special interests is the man to be elected to the presidency to deal with the powerful special interests pressing for profits and advantage by government favor?

Judging from the lashing that is being given Gov. Smith by Norman Thomas, Socialist candidate for President, Smith is not a Socialist in very good standing.

IT IS TO WEEP.

Almost to the day, it is 10 years since the armistice brought the end of four years of hell to Europe. Since then the belligerent Powers have signed a peace treaty. Most of them, even, have sat at the council table of the League of Nations. Certainly the war is over, and yet—

For having his orchestra play the favorite anthem, "Deutschland Uber Alles," in celebration of the magnificent flight of the Graf Zeppelin across the Atlantic, a Wiesbaden restaurant proprietor has been fined 120 marks by the British occupation authorities, with the option of paying it or serving 14 days in jail.

His crime is that the anthem was played without asking the permission of British military authorities. For that he brought sharp reminder to his people that the mailed fist is still on Germany's throat. What a tragic comedy! What a stupor performance by representatives of a nation that claims to want peace! What discouragement to the men of vision who have hoped that hate between nations will be replaced by good will and understanding.

Mr. Shaw says the big Powers send little men to the League of Nations, whereas the little countries send the biggest men they have. That is because the little countries are more in earnest about it than the big Powers are.

THE CAMPAIGN IN THE PENITENTIARY.

It is plain to see that the Republican party is leaving no stone unturned in its efforts to carry the election. We refer particularly to the amusing story from Jefferson City, which recounts the campaign that is going on within the penitentiary. Convicts, especially Negroes, are being urged to write home and tell the folks to vote the Republican ticket, citing their own treatment by a Republican administration. The campaign is being superintended by the Warden, Leslie Rudolph, who attained fame two years ago by being described as Little Doc Enloe's office boy. That was when the prison scandals were being investigated by the Legislature. This latest activity of Mr. Rudolph's indicates why he continues to hold his job in the face of his lack of fitness for it. It also shows that, in its greed for political control, the Republican party stops at nothing.

If it is Socialism to help the farmer, to save us from Volsteadism and to keep the Power Trust from grabbing everything in sight, then let's have plenty of it.

MR. HOOVER SEEKS ABUNDANT LIFE FOR ALL.

—Charles E. Hughes

A Bearded Oracle at St. Joseph

Charles Evans Hughes, one of the subtlest lawyers in the country, hides his partisanship under the guise of a just, wise and kindly judge delivering an impartial verdict; a glance at the record, however, robs his utterances of their force.

From The New York World

IT IS Mr. Hughes' practice in political campaigns to let the small fry gabble along till near the end and then to rise and in the manner of a Judge to pronounce the verdict. Mr. Hughes has the art of making his speeches sound like the Last Judgment itself. When he has spoken there is, he implies, nothing further to say. There is no one in this country today who can contrive to speak with quite the same air of apostolic authority as Mr. Hughes, and the effect is undeniably impressive. If it were not that Mr. Hughes invariably decides for the Republican candidate, whoever he may be, and for the Republican campaign slogans, whatever they may be, the ordinary man listening to his speeches would never suspect that, though Mr. Hughes assumes all the outward appearances of a just, wise and kindly Judge delivering an impartial verdict, he is in fact the greatest partisan advocate now alive in the United States.

That he spoke on Tuesday night as a partisan advocate and not as a disinterested Judge is easily demonstrable to any careful reader of his speech. "Under the last Democratic administration," he said, "we were unhappily involved in a controversy over our foreign relations."

What Mr. Hughes omitted to state, what in fact he deliberately suppressed, were two facts that were supremely relevant to the point he was discussing. The first of these is that in 1920 he himself, Charles Evans Hughes, personally, solemnly dedicated himself and his party to that very principle which he now says was contrary to the predominant sentiment of the country. The second fact which he deliberately suppressed is that Mr. Hoover dedicated himself in 1920 in words that were meant to sound irrevocable to the same principle for which Mr. Hughes now casts aspersions upon his opponents. For those who have forgotten it we take the liberty of quoting what Mr. Hoover said in 1920 on this very subject.

Speaking at Indianapolis, on Oct. 9, 1920, Mr. Hoover said:

If there be persons supporting the Republican party today on the belief or hope that this party is the avenue to destruction of this great principle, that the party will not with sincerity and statesmanship carry out their pledges to bring it into effect, then they are counting on the inconsistency and the infidelity of the Republican party and its nominee for the presidency. I do not believe it would fail, or I would not be here at this moment. If by any chance it should fail, it will have made a deeper wound in the American people than the temporary delay in our adherence to a League of Nations. Out of these paths grow radicalism, reaction and the domination of extremists in government.

And for those who may have forgotten it, we take the liberty of quoting from the statement issued by 31 prominent Republicans previously to the election of 1920, in which he said:

The contest is not about the principle of the League of Nations, but it is about the method of most effectively applying that principle to preserve peace.

The Republican party is bound by every consideration of good faith to pursue such a course until the declared policy is attained.

Mr. Hoover as well as Mr. Hughes signed this statement.

But Mr. Hughes was not content to falsify the picture by suppressing what he himself and Mr. Hoover had said in 1920. He went on to taunt the Democratic party because in 1923 it no longer advocates the issue which Woodrow Wilson, Charles Evans Hughes and Herbert Hoover stood for in 1920! "What has become of that issue?" he asked. Well, what has become of it, Mr. Hughes? Mr. Hughes ought to be able to answer that question better than any living man. Mr. Hughes and Mr. Hoover pledged themselves to the League of Nations in 1920. Mr. Hughes became Secretary of State in 1921, and Mr. Hoover became Secretary of Commerce. They were the two best minds in Mr. Harding's Cabinet. What became of the issue? It was Mr. Hughes' issue. It was Mr. Hoover's issue. We do not believe that Mr. Hughes will answer his own question during this campaign. The reason is that he would have to confess that he and Mr. Hoover sat for three years in the Harding Cabinet and had to eat the words they spoke in 1920.

Neither Mr. Hughes nor Mr. Hoover can fairly be criticized for not advocating today what they advocated in 1920. Men are entitled to change their minds. Men are entitled to stop fighting when they are beaten. The criticism to which Mr. Hughes is justly liable today is for daring to taunt the Democrats because they have abandoned an issue which he himself first confused and then abandoned. Only an uninitiated partisan would have stooped to that.

This is only one instance, but an exceedingly illuminating one, of the mental processes by which in the guise of a just Judge Mr. Hughes speaks as a mere advocate. It enables us to estimate how really impartial, how really disinterested, how really candid was his elaborate analysis of the relative qualifications of Mr. Hoover and Gov. Smith. The prime fact to bear in mind in examining that analysis is that Mr. Hughes has a supreme gift for inventing reasons to justify his conclusions. He set forth a great array of reasons why Mr. Hoover is the ideal man for President of the United States. The trouble with Mr. Hughes' reasons is that the candidate selected by the Republican national convention always turns out in the last two weeks of October to be the ideal man for the President of the United States.

How wonderfully Mr. Hughes can invent reasons to justify his conclusions is illustrated by this very speech. It begins with an eloquent tribute to the capacity and wisdom of Calvin Coolidge. It then passes on to a review of Mr. Hoover's vast knowledge of economic affairs throughout the world and proclaims him an "internationally minded man." Now it so happens that Mr. Hughes' pre-convention candidate this year was Mr. Coolidge and not Mr. Hoover. Had Mr. Coolidge been nominated Mr. Hughes would have delivered a most impressive speech in his behalf. But in that speech he would not have argued that the presidency requires that "special knowledge and special training" which Mr. Hughes says Mr. Hoover possesses. Mr. Hughes would have had to find another set of reasons. And he would have found them.

THE TRIUMPHS OF MEDICINE

We have a cyst. We thought it was a boil, but the doctor says it is a cyst. It is on the back of our neck, looking at the back of our neck, and it is a closed, abnormally developed, containing fluid or semi-fluid matter. It seems we are definitely and definitely a cyst. We are rather glad of the conversation turns to surgery, but we have had our appendix removed, so far for the course. The best we can do is to have three holes and a stilet. A cyst is something different, isn't everybody who can have a cyst, when we began to tell people our cyst, some recalled relatives who had cysts. But none of them had a cyst on the back of the neck. As I had had cysts themselves, even a cyst. One or two people barely to switch the talk to carbuncles, but brought it back to cysts. Our cysts be removed for two or three months, they pretend to go away. Then our victim is feeling good again, they back. It is then the surgeon gives their death blow and the patient is removed, except conversationally, to take an operation for a cyst.

During our more cynical moments we reflect that those who say the tariff will all the problems of the farmer problem not know which is the front end of a tor.

What makes us just a trifle too, too, is that our Republican propaganda reached the point where we have been having the midday repast "lunch" for 10 years.

Anything can happen in an election which may explain why some who stump later are up a tree.

And no matter what they do with figures in a straw vote, their final result known as an "analysis."

Gradually we have lost contact with things of our childhood, so at present are vaguely wondering if the modern thing block is such an improvement that child could build something that looks a filling station.

We should think that a Philadelphia tator would have a codell in the to how he intended to vote after his

FABLE.
Once upon a time during the season, no magazine printed an article denning collegiate football.

Er, by the way, we never have seen calling itself, "Ye Olde Beautie Shoppe." From what we have been able to tell about his stand on various issues, we that anything Mr. Hoover does, if elected and if he does anything, will as a complete surprise.

Every cloud has its silver lining when Mabel is Willibrand, the sun is mercifully spared being told that dinner pall is the big issue.

ROAD BONDS, POLICE PENSION, LEGISLATORS' PAY VOTE ON NOV. 6

Continued From Page 23.

met wholly from revenue from the State automobile license fees and State gasoline tax, the balance of the revenue being left for the same purposes as the bond money and for other road and bridge construction purposes. Increase of the motor fees (except for common carrier trucks and buses, fees for which have not been equalized) and the gasoline tax would be prohibited for 10 years except in the remote contingency that the proceeds were insufficient to support the principal and interest of the bonds.

If the State Highway Commission should find the revenue insufficient for the expenditures authorized, the support of the bonds and maintenance of the highways, it would be prohibited from issuing more than \$50,000,000 of the bonds until revenue became large enough for the remainder. Construction of the present designated 7540-mile system would have to proceed concurrently with or take precedence over the construction of the additional work authorized. The Legislature would be required by the amendment to enact laws necessary to carry it into effect.

Extension of 300 Miles.
The supplementary road system would be laid out under agreement between the State Highway Commission and the counties or other governmental units concerned. Extension of the 7540-mile system by 300 miles, apart from the supplementary system, would be authorized specifically, in order to provide connections between existing routes and with routes of other states; to facilitate movement of through traffic and to provide spur roads within the State parks.

Chambers of commerce of St. Louis, Kansas City, St. Joseph and more than 100 other cities have endorsed the bond proposal, as have hundreds of other organizations of local and State-wide character throughout Missouri, and the Republican and Democratic State conventions. The Citizens' Road Bond Committee is organized intensively in support of it. The only organizations known to the committee which have gone on record against the proposal are the Missouri Farmers' Association, the Missouri Chamber of Commerce, and many rural communities have favored it.

The chief opponent of the measure is Theodore Gary of Kansas City and Macon, former chairman of the State Highway Commission. He has strenuously advocated the alternative "pay-as-you-go" plan of road construction without additional bonds, as license and gasoline tax revenues become available. He has spent a considerable sum in his campaign against it, including newspaper advertisements in various cities.

Gary's voluminous attacks have been met point by point by advocates of the bond issue. He has been joined by a few other men, including State Senator Painter of Carrollton, who has let it be known that he will introduce a bill in the Legislature next year, if the bonds fail, to double the present gasoline tax of 2 cents a gallon. The name of State Senator Morgan of Unionville has been among those signed to Gary's advertisements, but Morgan has repudiated it, saying he favors the bond issue.

Arguments for Road Bonds.
Quicker completion of the highway system and of badly needed additions thereto will be possible with the proceeds of the bond issue, proponents point out. They expect the 7540-mile system to be finished by 1934 if the bonds carry, whereas it is slightly more than half done now. Traffic demands roads, and the better the roads the cheaper it is to move automobiles, they add. The amendment, they argue, is a safeguard against the possibility of a property tax to support the road work and against unwarranted increases in the license fees and gasoline tax. For various reasons, they add, the "pay-as-you-go" system is costly and unsatisfactory.

With the bond money, the construction of the supplementary system can be started in 1930, whereas it is problematical when funds for that purpose would be available otherwise, and this added system is needed for farmers to reach markets. Another argument is that it will be possible for the State to recapture toll bridges at an earlier date with the bond money.

The State Highway Commission, with C. D. Matthews as chairman, is supporting the measure vigorously.

On the other hand, the opposition argues that only a few years' time would be saved by the bonds; that it is wrong to write bond legislation into the Constitution; that method of distribution of funds for the supplementary system would be wrong; that the prohibition against license fee and gasoline tax increases is unthinkable and that the Legislature could make needed changes as to method of expenditure of revenues.

The bond proponents justify the constitutional amendment plan as

obviating legislative log-rolling, we have good roads everywhere. They say the argument is, "Shall now or some time in the future?"

\$40,000 IOWA BANK HOLDUP
Many Roads Patrolled in Search for Atlantic Robbers.
By the Associated Press.
ATLANTIC, Ia., Oct. 25.—Officers in many Iowa counties are patrolling roads in a search for four men who at noon yesterday entered the Whitney Loan & Trust Bank and robbed it of approximately \$40,000 in bonds, currency and gold.
The robbers forced 10 employees and customers to lie on the floor while the safe and tellers' cages were ransacked. A checkup showed the loss of \$15,000 in customers' bonds, \$10,000 of which were unregistered; \$20,000 in currency and gold from the vaults and a little over \$4,000 in currency and silver from the tellers' cages. Two other men were said by witnesses to have awaited the robbers in an automobile parked near the bank.

ROLL OF "UNHAPPY SMITH WARRIORS" CALLED BY MOSES
Continued From Page 23.

ate, Senator Morris Sheppard of Arkansas, Tex. The predicament in which he finds himself is indeed tragic. He was, as you may recall, the father of the eighteenth amendment. Alfred E. Smith has indicated that he would throw this child of Morris Sheppard's begetting out of the window if he had the power to do so.
"Where Is McAdoo?" Asks Moses.
"And there is another somewhat out of the perspective, but of whom we may properly ask—where is William G. McAdoo? An echo answers, 'Where, indeed?' The last I knew of Mr. McAdoo, he was busily engaged in having himself photographed in cowboy accoutrements and presumably suffering from the loss of speech. Confronted with making a choice between hypocrisy and consistency, the great California dry has chosen to remain consistent. He, too, is an unhappy warrior."

The reading of a message from Senator-elect William S. Vare, who is recovering from paralysis in Atlantic City, brought forth prolonged applause from the crowd that filled the Academy of Music. Urging the Republicans to greater efforts in behalf of the party nominees, Vare predicted victory all along the line, but conveyed a warning against over-confidence. It was his first public utterance since he was stricken ill early in August.

ANGLICAN CLERGY DIVIDED
Ministers of Southwark Diocese Approve Revision of Prayer Book.
LONDON, Oct. 25.—Not all the clergymen of the English Church agree on the proposed revisions of the prayer book. More than a thousand of the clergy of the Southwark diocese met at the Southwark Cathedral yesterday and, considering virtually the same questions that had confronted those of the London diocese, voted to support their Bishop in sanctioning the practices condoned in the 1928 revision.
In doing this they voted exactly contrary to the London clergy, which, by a definite vote, rejected the revised prayer book.

ST. LOUIS POST-DISPATCH SEGEL'S HUNTERS WIN HORSE SHOW AWARDS

Miss Jane Johnson First in
Riding Contest for Girls
Less Than 14.

Paired hunters jumping four-foot hurdles, a weaving contest for men riders and close competition among superlative stock of the gaited classes, were the major offerings at the third night of the sixth annual Horse Show at the Missouri Stables arena, 5200 Berthold avenue.

The show will give its final evening performance tonight. There will be matinees tomorrow and Sunday.

An excellent pair of hunters, owned by Roy Segel, took the trophy in the jumping event for paired mounts of this class. Miss Marceline Reyburn and Dudley Jeffries were the riders. Damsant and Spring Leaf, two hunters owned by August A. Busch Jr., took second ribbon. Finished third, the latter horses had taken individual trophies in hunter contests on previous nights.

Riding "Spot," the polo pony that showed brilliantly in the potting race the first night of the show, August A. Busch Jr., won the weaving contest. His entries for the evening gave him two trophies, two red ribbons and a yellow ribbon.

Night Life, an excellent three-gaited mount under 13.2 hands, owned by Herbert M. Woolf of Kansas City, Mo., won the trophy for his class. Sarilou, also owned by Woolf, a horse that has carried off other ribbons in the show, took second place. Dorothy Zumsteg, owned by John S. Swift Jr. and ridden by Art Mueller, finished third, and Majesty, owned by Mrs. C. N. Power of Pueblo, Colo., fourth.

Competition in the five-gaited class was also close. The trophy in this event went to Nancy Acres, owned by W. W. Krenning and ridden by Art Mueller. Chester Gump, owned by Mrs. Power, was second.

A riding contest for girls less than 14 years of age, was won by Miss Jane Johnson, riding Florence Peavine of the Trails End stables. Miss Bettie Berkeley, riding her horse John, was second; Miss Rose Eakin, on Buddie, third, and Miss Peggy Wendling, riding Trusty, fourth.

Other winners were Clay Willis, owned by R. W. Brown, trophy in the five-gaited class for amateur owners; King Cole and Chestnut Prince, owned by Heyl Pony Farm, trophy in the hackney pony tandem class; Laddie, Heyl Pony Farm, trophy in the saddle Shetland pony class; Don, a chestnut Clydesdale, owned by the American Express, trophy in the commercial singles.

Two White Girls Taken in Raid.
Two 16-year-old white girls were taken into custody by police last night in a raid at 1010 North Newstead avenue, the home of Mrs. Notice L. Seay, a Negro. The girls told police they were brought to St. Louis from Quincy, Ill., on Oct. 9 in an automobile by a Negro, who took them to the West End Hotel and later to the North Newstead avenue address. Mrs. Seay was arrested on charges of contributing to the delinquency of minors and operating a disorderly house. Police are searching for the Negro who brought the girls here.

U. S. S. RAINBOW IS SENT TO MARINE SCRAP HEAP

By the Associated Press.

BALTIMORE, Md., Oct. 26.—The end of the Rainbow will be found shortly in the scrap pile of a marine junk yard.

The Rainbow is a boat that has had a colorful and varied experience in the fleets of the United States Navy since 1898. The ship was built in England in 1890 and named the Norse King. She was steam propelled and built with a clipper prow which was graced by a figurehead. After serving as a freighter for eight years the Norse King was bought by the United States Navy and her name was changed to the U. S. S. Rainbow. Since that time she has served in the fleets in the Philippines, the Asiatic squadron and during the World War was flagship of a submarine squadron. The Rainbow, at various times, has been used as torpedo flotilla tender, convoy, flagship, transport, submarine tender, and, in 1907, carried William Howard Taft, then Secretary of War, to Vladivostok. During her career it is estimated that the Rainbow has traveled a greater distance than two round trips to the moon. The ship was recently towed into harbor at Baltimore to be broken up at Curtis Bay.

BABY GIRL FOUND ABANDONED

Child Left in a Yard at Rear of 4520 Delmar.
A baby girl, about 2 weeks old, was found abandoned in a yard in the rear of 4520 Delmar boulevard by Mrs. Louise Barrett, 4518 Delmar boulevard, who heard the child's cries at 8 o'clock last night. The child was warmly dressed and wrapped in a red and white blanket. No note or marks of identification were found in the clothing. The child was taken to City Hospital.

Missouri Girl Amazes Mother

Constipation is one of the worst health-runners for children. Waste matter held too long in their little stomachs and bowels forms poisons which pollute their blood, cause headaches, bad breath, coated tongue, indigestion; make them bilious, weak, nervous, fretful and underweight.

At the first sign of constipation, give your child a little California Fig Syrup. Children love its rich, fruity flavor. It's purely vegetable, a gentle but certain laxative, and it gives tone and strength to the stomach and bowels so they continue to act normally, of their own accord.

Thousands of Missouri mothers are praising it. Mrs. W. Phelps, 7036 Lindenwood Place, St. Louis, says: "My little girl, Patsy, had boils and a breaking-out all over her which I was told was due to constipation. Her breath was bad and she never wanted anything to eat. She was fretful, pale and weak."

"Nothing seemed to help her until I got some California Fig Syrup. Her trouble stopped after the first few doses, and she amazed me by the way her pretty, natural color came back. Soon she was as playful and happy as ever, and she's been gaining ever since."

Like all good things, California Fig Syrup is limited. If you can always get the genuine by looking for the name "California" on the carton.

Just Serve This Cake to your Husband!

LOOK CAREFULLY

... at this silver bar cake

BY ALICE ADAMS PROCTOR

THIS Hostess Silver Bar Cake, I find, is its own best salesman. The vast majority of women who try it are won at once by its homelike flavor. Thus to win new customers I carefully avoid making exaggerated claims. Instead, I simply urge housewives to try this delicious cake with an open mind, confident that a single bite will show them the utter folly of baking cake at home. You see, I know the sunny, immaculate kitchens where this famous cake is made. I know the talented pastry cooks who bake it. I know, too, the ingredients that are used. Carefully selected eggs. Fresh sweet shortening. Specially selected flour. Pure refined sugar. Try the other Hostess Cakes, too. Chocolate Layer. Coconut Layer. The famous Hostess Cup Cakes. Genuine Hostess Cakes are always fresh. Demand them by name.

Condensed Soap Soaks out the Dirt

The concentrated energy of Kwiksolv
speeds the wash . . . no hard rubbing
. . . package lasts and lasts

An economy idea long used in
foods now applied to soap

THIS is to tell
you of a new
kind of soap. Its
name is Kwiksolv.
It is the invention
of the Palmolive
laboratories.

Kwiksolv is
household soap in
condensed form.
Just as 60% of water is removed in
condensing milk, so we've taken out 57%
air, 20% moisture, from soap. Thus you
no longer pay for these useless elements.
Because Kwiksolv is so condensed, the
package weighs over 1½ pounds. Probably
never have you bought a package at its
price, 25 cents, that weighed as much as
that. Think of the saving!

And the Kwiksolv formula is unique.
An automatic water-softener greatly speeds
its cleaning action. Thus Kwiksolv will
delight you as a dirt remover. Its tiny

grains are packed with cleansing energy.
They bring your wash to gleaming white-
ness without hard rubbing. Try Kwiksolv
on stained and greasy clothes, on the soil
line of cuffs and collars. Dirt vanishes.

Powerful detergent though it is, Kwik-
solv keeps your hands soft and white.
Use it as you would any soap: for dishes,
cleaning, laundry. It will give you a new
conception of what a soap can do. And
now you won't be
out of soap "every
few minutes." For
a package of Kwik-
solv lasts and lasts.

Begin using
Kwiksolv today.
The savings it
brings are too great
to be ignored.
Your grocer can
supply you.

"EATS" FEATURED AT HALLOWEEN PARTIES

Apples, Nuts, Cider, Make the Festival a Different Sort of Occasion.

Halloween is one of the days of the year that everybody feels like celebrating.

As it is an autumn feast day, it brings its own goodies with it. Since the institution of the festival, nuts, apples and cider have played the most important part in celebrating Halloween. Menus for the day always feature these popular foods. Baskets of red ripe apples, bowls of nuts and jars of delicious cider are always in evidence on every Halloween guest.

Old-fashioned Halloween parties could not be improved upon by the most modernistic hostess of today, for nothing could be more attractive for decorations than pumpkin jack-o'-lanterns, autumn leaves, fall flowers and fall fruits.

Then if the hostess adds to these natural decorations the fascinating black and yellow paper things, cats, witches, gnomes and the like, that may be purchased at almost any shop at this time of the year, the proper color scheme will be achieved with little trouble or expense.

For a Halloween party refreshments may be either simple or elaborate. Take your choice of the menus that follow and which provide both types of refreshments.

NUTRITIVE VALUE OF CAKE
DEPENDS UPON MATERIAL

The Process Used in Making the Article Also Has a Bearing.

Consider, if you will, the materials that go to the making of a cake. Flour, sugar, eggs, milk, flavoring and such possible additions as dried fruits and nuts—all of these proceed in orderly array before the mind's eye of the cook who has studied food values. She first selects the type of cake she is about to make. Shall it be a butter cake mixture or a sponge cake? Which is better for the family? With the general type selected, she decides how she will modify this type so far as flavor and decorations are concerned. She plans carefully, although perhaps unconsciously, how to manipulate the materials so as to produce the finest, lightest and therefore, most digestible product.

Subconsciously, she makes mental note of the fact that the flour, the eggs and milk will bring up the body building material in that particular meal very materially. She knows that she must not depend on cake mixture for furnishing body regulating elements expected in quantities almost negligible. In fact, she realizes, this experienced person, that even for body building purposes cake should not be counted upon as a standby. What is its particular office then in the diet? With one voice, experienced cooks reply, energy. The flour, the sugar, the eggs and the rich oils contained in the shortening used, all give energy in abundant quantities.

Then comes the handling; if the cake is one of the butter cake mixtures, the blending the flour and sugar is one important point. The beating of the egg is of late years taken less seriously than in our grandmother's time when arms and wrists were exercised with rapidity, so the stiffly beaten egg whites might "stand alone." Not that egg whites are not beaten to day, but they are beaten with less seriousness perhaps and with the understanding that, if necessary, when plain cakes are being made the eggs need not be separated.

FRUIT FOR CHILDREN'S LUNCH

Be Sure to Include Fruit in the School Lunch Box.

In packing the children's lunch, remember always to include some fruit or a sandwich with a vegetable filling rather than making up the lunch entirely of bread and meat, or bread and egg, etc. A sandwich with a filling of lettuce and tomatoes, or baked beans mixed with chili sauce or sliced radishes—any of these will provide a welcome change.

A few stalks of raw celery wrapped in wax paper, a small whole tomato, an apple or a cardboard carton filled with sliced fresh fruit, or a fruit gelatin mixture add considerably to the healthful qualities of the school lunch.

WHITE STAR TUNA deserves a prominent place on your pantry shelf

Perhaps you have unconsciously thought of tuna as a "once-in-a-while" food... something that you could serve cold... or quickly, when time was short? Really, WHITE STAR TUNA is far, far more than that! The convenient can, sold by all grocers, deserves a prominent place on your pantry shelves and a regular place in your menu, for two reasons: It is the choicest of sea foods, deliciously tender and tasty... and Nature packed it liberally with phosphorus and iodine, two elements our bodies need. Folks call it "Chicken of the Sea" because of its surpassing goodness.

There are so many ways to enjoy the benefits of this firm, tender, deep-water delicacy! Fifteen salads, each different and delicious, can be made with WHITE STAR TUNA. Imagine! Or as the main dish of the meal, served as a hot loaf, the whole family will hail it with acclaim! Use these tested recipes... a wealth of enjoyment is waiting.

For more than 15 years housewives have preferred WHITE STAR TUNA above all other brands. Packed by the world's largest canner of tuna, it comes to your table from kitchens that are models of spotless cleanliness. For the health of your family, and for variety, too, serve WHITE STAR TUNA often.

FEW AUTO KILLINGS PUNISHED, SAYS FRANKLIN MILLER

About One-Half of One
Per Cent of Such Offend-
ers Sent to Penitentiary,
He Declares.

About one-half of one per cent is
the ratio of punishment for deaths
inflicted by automobile drivers,
former Judge Franklin Miller,
Democratic nominee for Circuit
Attorney, said last night in a cam-
paign speech at Liederkranz Hall,
2168 South Grand boulevard.
Although not mentioning Circuit
Attorney Siders' name, Judge
Miller pointed out the duty and
responsibility of the Circuit Attor-
ney in automobile fatality cases,
and said the figures showed a
condition which needed to be
changed.

"In the period between Jan. 1,
1925, and May 17, 1927—about a
year and one-half—there were 419
persons wiped out by automobiles,"
said Miller. "These were the cases
that were taken before the Cor-
oner."

"When the Coroner got through
with his investigation he decided
that in 293 of these cases, more
than half the drivers of the auto-
mobiles that did the killing could
not be held criminally responsible.
The deaths in those cases were ad-
judged purely accidental. Remem-
ber that the Circuit Attorney is
required to have an assistant in
the Coroner's court."

"Let us assume that all these in-
vestigations were honest and had
been conducted thoroughly in good
faith. Then it would seem only
reasonable there were clear cases
against the remainder under the
felony statutes."

"Thirty-nine of these deaths
were caused by hit-and-run driv-
ers. That can't be chalked up
against the Circuit Attorney. Well,
finally, seventy-eight cases went
to the grand jury. Remember the
Circuit Attorney is required to keep
another assistant there. In forty-
six of those cases no indictments
were returned. The drivers were
freed. Then thirty-two were held
by the grand jury. Nine of these
were tried and found not guilty
by juries in the Circuit Court.

Few Punished.
"When everything was all over
and the smoke had cleared away
it was discovered two were fined,
two were sentenced to the Work-
house for six months, one was sen-
tenced to one year in the Peniten-
tiary and one was sentenced to
three years in the Penitentiary."

"Then four of those indicted
pleaded guilty. Two of them got
\$500 fines. That's a good round
sum. The other two got three and
six months' sentences to the work-
house."

"Ten in all were punished. Four
were fined and six were sentenced
to the Penitentiary. But of those
ten only two got to the Peniten-
tiary. That figures out to the omni-
ous one-half of 1 per cent we have
heard so much about."

"Of the major crimes that come
before the Circuit Attorney none is
more menacing than the three
classes of automobile crime—hit-
and-run drivers, reckless speeders
and drunken drivers. These figures
I have quoted show good reason
for change in the methods of pro-
secution."

WOMAN CASHIER SAVES \$1000 FROM HOLDUP MEN

Tosses Money Into Safe When Rob-
bers Smash Through Door of
Insurance Branch.

Miss Flora Gibson, a cashier em-
ployed by the National Life and
Accident Insurance Co. who was
counting money when three
masked and armed robbers entered
the branch office of the company
on the fourth floor of the Nicholas
Building, 1504 South Grand boule-
vard shortly before noon today,
disregarded their commands to
hold up her hands and threw the
money, about \$1000, into a safe,
twirling the combination to lock
it.

The robbers swore at her and
threatened to shoot her, but no at-
tempt was made to force her to
open the safe. They took about
\$50 from the cashier's cage and fled.

Incendiary Fires in Prison.
By the Associated Press.
JOLIET, Ill., Oct. 26.—A series
of small incendiary fires which
broke out intermittently last night
at the new State prison here kept
penitentiary authorities on guard

against what they feared was an
attempt to create a disturbance as
a shield for a prison break. Guards
extinguished the flames before they
gained headway in most cases, but
one temporary wooden building
was destroyed.

GOT THINNER AND THINNER, WEAK, TIRED, LOW-SPIRITED

Mrs. John Shipp, of 2314 Maple
Street, Oklahoma City, Okla., says:
"Two years ago, I was in very bad
health. I was so weak and run-
down, I could scarcely keep going.
I dragged around from day to day,
but never felt well.
"I thought I was not going to get
well, and all my family were greatly
worried about me.
"My mother thought I ought to
try Cardui, and told me to get some
and take it. I could eat nothing,
as I had no appetite, and nothing
would stay on my stomach.
"I found great relief after I be-

gan taking Cardui. I was able to
eat and I could sleep. Before that,
I had been so nervous that the
least little thing upset me. I was
low-spirited and blue. I got thin-
ner and thinner, and I was always
tired.
"After I took Cardui I began get-
ting better. I was stronger and felt
brighter. I took Cardui for several
months. Gradually I began to eat,
a little at first, then more and more
until after awhile I got my health
back. I think Cardui is a wonder-
ful medicine, for I improved great-
ly after I took it." (K-37)

SEVERAL BILLIKEN LINEMEN ARE CRIPPLED FOR CREIGHTON CONTEST

COACH ANDERSON WILL START HIS REGULAR BACKFIELD IN HOMECOMING GAME TOMORROW

By Gerald Holland

It's a long jump from the down state teams that the St. Louis University football squad has been buffeting for the last month and the big-time Creighton University Blue Jays of Omaha, Neb., and it's a long shot that the Billikens will win their homecoming game at Sportsman's Park, tomorrow afternoon.

Creighton's record for the season is not so impressive on points scored but the visitors have the distinction of losing to real good teams. They took a 40-0 run-around from Minnesota and 7-0 defeat from Oklahoma but the afternoon that "Bucky" Dahman, the Billiken freshmen coach, watched them hand the Oklahoma Aggies a 27-0 licking, they didn't look bad at all.

The Billikens have been improving steadily and made their best showing last week in trimming the Rolla Miners, 12 to 7. However, Anderson's team is believed to be still short of Creighton's mark. The locals will not be at any appreciable disadvantage in weight but minor injuries have weakened their best lineup.

Line Stars Are Injured. "Hunk" Anderson could use Davidson and Babba, out for the season after appendicitis operations, to good advantage on the line tomorrow and he would have no complaint if the men who replaced the veterans were in good shape. Corcoran, who has been named to start at Davidson's center, has one of those trick knees that may force him to the side lines at any time. Eddie Brown, holding down Babba's guard, is in the same predicament.

Another lineman, Vic Daubner, the right end, took a sprained ankle out of last week's game and is carrying a lot of tape around the injury. He participated in practice for the first time this week yesterday and handled himself fairly well but he will not be at his best against the Bluejays.

In the backfield, the Billikens are not so badly handicapped. Joe Lintensch is in better shape than he has been since receiving the knee injury in the Creighton game of last season. "Will" start at fullback and is likely to play the greater portion of the game. Bill Parilla will call signals as usual. Capt. Dierberger, the most consistent ground-gainer on the team this season, has been shifted to his original position of right half. Charley Eaton is starting at left half, but according to Coach Anderson, Jack Joyce will also be used at that position. Joyce sustained an arm injury on Wednesday but Anderson does not consider it serious.

Creighton to Work Out. Three of the most valuable men on the local team remain in fine shape. Titus Cornell and Fred Joseph, the big tackles who have missed only a few minutes of play this season, are as good as ever. Ford Brown, left end, who will also be available for the game, is also in good condition. Brown has worked well on the receiving end of the Billikens' aerial attack and it is likely that Anderson will depend a great deal on an overhead game to beat Creighton.

Creighton arrived this morning. Coach Chet Wynne, comments of "Hunk" Anderson at Notre Dame in 1921, scheduled a light workout for his charges at Sportsman's Park. The Billikens will conclude their work with signal practice. All seats will be reserved tomorrow but the admission price will remain the same—\$2.

Creighton Team Has No Injured Men on Squad

Special to the Post-Dispatch.

OMAHA, Neb., Oct. 26.—Twenty-four Creighton University Blue Jays, guided by Coaches Wynne, McMullan and Schabinger, departed last night for St. Louis, where tomorrow they will oppose the St. Louis University Billikens. It was a practically injury-free band which took off.

Johnny Scott, mite quarterback, has some rib bruises which have caused him some trouble during the week, while George Bolton, veteran end, has been nursing a shoulder injury, but both have taken it easy this week and will be fit and ready for battle.

Just before leaving, Wynne reiterated that the contest can be in no way classed as a "breather."

Just what style of play the Blue Jays will employ is rather doubtful. True, the air game has been emphasized throughout the week, although in the only scrimmage much attention was paid to straight line bucking. A light taping off drill with much work on signals yesterday afternoon concluded the pre-game chores at home. Wynne will send his men through a final workout at St. Louis this afternoon.

Those making the trip include: Ends—George Bolton, Walter Holden, Duke Kirwin and Frank Pellegrin; tackles—Capt. Ralph Maillard, Veri Holmes, Bill Lynch and Rudy Tesar; guards—Sam Caniglia, Frank Faha, Lawrence Luma and Bob Walker; center—Ed Dunn and Lawrence Swanson; quarterbacks—Johnny Scott, Lewis Brown and Vincent Cavanaugh; halfbacks—Jimmy Bertoglio, Merle Hunt, Francis Maguire and Chuck Butterwick; fullbacks—Floyd Bombaugh, Turk Tierney and Orlando Scott.

ST. LOUIS TEAM FOR GAME WITH BRITONS NAMED

The St. Louis Field Hockey Association today announced the personnel of the St. Louis team which will meet the English team in an exhibition match here next Wednesday afternoon. More than half of the members of the picked team were on the all-St. Louis team chosen at the end of last season.

Virtually all of them are members of either the St. Louis Field Hockey Club, the parent organization in St. Louis, or of the Mary Institute Alumnae Club, these two having in their ranks more experienced players than any of the other 16 members of the hockey association.

One member of the team will be Miss Dolores ("Dee") Boeckmann, who was on this year's American Olympic team. Two of the others, the Misses Ernestine Long and Margaret Boggs, formerly played at Wisconsin University, and another, Miss Eunice Child, at Michigan University. Several substitute players are to be named after final tryouts tomorrow.

Following is the lineup of the first team:

Left wing—Gertrude Webb Left inside—Umo Chaplin Center forward—Eunice Child Right inside—Margaret Boggs Right wing—Ruth Forcier Center halfback—Dolores Boeckmann Right and left halfbacks—Dorothy Coleman and Ruth Hafner Alternate right and left halfbacks—Anne Strassner and Alice Chaplin

Left fullback—Virginia Gordon Right fullback—Marian Bischoff Goal keeper—Ernestine Long

Because of the number of strong candidates for the right and left halfback positions, the final selections for these places may not be made until the day of the match. The exhibition will be played at Mary Institute playground, Big Bend boulevard and University car line, starting at 3 p. m.

MAPLEWOOD STAR LEAVES SCHOOL

Bill Garrett, left end of the Maplewood High School football eleven, has quit school and as a result will be lost to Coach Wahlbrink's eleven for the remainder of the campaign. Garrett was one of Maplewood's stars in last week's game with University City and his loss will be keenly felt.

His place probably will be taken by Brockman, a sophomore. This afternoon Maplewood opposes Chaminade in a non-league contest on Maplewood Field. Coach Wahlbrink plans to give his second string players a chance in the game.

Al Bruno, star quarterback, and Max Blanchard, one of the team's best linemen, have been out of the practice sessions this week because of nose fractures received in the U. C. game.

Just what style of play the Blue Jays will employ is rather doubtful.

True, the air game has been emphasized throughout the week, although in the only scrimmage much attention was paid to straight line bucking. A light taping off drill with much work on signals yesterday afternoon concluded the pre-game chores at home. Wynne will send his men through a final workout at St. Louis this afternoon.

Those making the trip include: Ends—George Bolton, Walter Holden, Duke Kirwin and Frank Pellegrin; tackles—Capt. Bears Will Have to Stop These Butler Stars Tomorrow

HUBERT HINCHMAN (at left) will be at fullback for the Indianapolis eleven, while Alan Fromuth will play at one of the half-back positions.

Both are regarded as stars, Fromuth being a triple-threat man.

Clemson Defeats South Carolina

By the Associated Press.

COLUMBIA, S. C., Oct. 26.—A rugged Clemson College defense, always following the ball, halted all University of South Carolina scoring threats here yesterday, while John Justus, powerful running back, led his Tiger mates to a 32 to 0 football victory.

So far as the Palmetto State is concerned, yesterday was the top of the season and it was all Clemson. Fourteen thousand frenzied fans packed every nook of the fairgrounds for the game, starting at high noon.

This medium-sized Justus, who previously this season scored the touchdowns to defeat Auburn and North Carolina State, was the real margin of difference between the two teams. While his mates, Bob McCarley, "Goat" and Ray McMullan and Hanes aided in the rout late in the game, it was Justus who softened the Laval team to a point of crumbling before the shocks later to come.

South Carolina received a serious blow early when Eddie Zobel, star halfback, suffered a leg injury and had to retire.

The hard tackling of that Clemson line also brought down Julian Beall and Boineau, forcing them to leave the field.

Kirkwood High Will Outweigh St. Charles Team

With perfect records in county league schedules thus far this season at stake, Kirkwood and St. Charles will meet on the latter's field tomorrow afternoon in a football engagement that is designed to give one of the two contenders an advantage in the race for the league championship.

At the present, there is a three-cornered tie in which Kirkwood, St. Charles and University City claim equal odds for the county title. St. Charles has conquered Maplewood and Ritenour, while Kirkwood has taken victories from Ritenour and Clayton.

In the line and backfield Kirkwood is conceded an advantage in weight that will force St. Charles to rely largely on the speed of its backfield personnel. Early in the season Kirkwood trimmed the Ritenour team 44-0. Last Saturday, St. Charles trounced the same lineup 26-0, but the team showed a marked improvement over that which lost to Kirkwood in the former entangle. So far as hope is concerned, the two elevens appear to be equally matched for a dry field.

Three of St. Charles' choice players, Bacon, halfback; Null and Johnson, guards, have been forced to remain out of scrimmage workouts in the past week because of minor injuries but will be used in the game.

The game, which is a feature of St. Charles' annual homecoming, will begin at 2:30 p. m. when the ball will be dropped onto the field from an airplane. The pigskin will be garbed in red, white and blue decorations, a combination of St. Charles and Kirkwood school colors. Arrangements for the novel stunt was made by St. Charles High School officials yesterday.

BICKEL MAY BE USED IN GAME WITH BUTLER

By Jerry Bernoudy.

Confident of victory, a squad of 28 Washington University iron warriors journeyed today to Indianapolis, where they will engage Butler College tomorrow afternoon in the first athletic meeting between the two schools. Al Sharpe, head coach; George Bullman, line coach; Charles Benson, end coach; Artie Benson, business manager; Leodore Shupe, student manager; Joseph Benson, publicity manager, and Trainer J. de Victor accompanied the squad.

The Bruins arrived in Indianapolis at 1 o'clock this afternoon and went to the new Building stadium, where they engaged in a light workout. Dr. Sharpe was well pleased with the condition of his charges at the conclusion of yesterday's practice and stated that he believed them to be fit physically and mentally.

"The spirit of the men is great," said the Bear mentor, and he was certainly borne out in this statement by the atmosphere which prevailed in the locker room following practice last night. Every body was happy except Sharpe and his crew of assistant managers, who were having a light time tying name tags and getting the tugs packed into the trunk.

Dr. Sharpe made an eleven-hour decision yesterday and decided to take Carl Bickel along on the trip. Although Bickel has been out for practice three days because of a backache, he is the versatile halfback of last year's team. Bickel has shown such advantage that the Bruin coach is serious thinking of using him for a short time against the Bulldogs. Bickel is the only triple threat man on the squad, can be counted upon to have plenty of punch to the Washington offense in case he should be called upon to play.

The Washington game is expected to attract a large crowd to the Butler stadium, as it is the first big home game for the Bruins since their new bowl was opened two weeks ago for the contest between Franklin College, whom the Bruins defeated under a 35-0 score, and another good sized contingent of Bear reserves are planning to make the journey to Indianapolis for the game. Leaving at various times this afternoon and evening by automobile and other means, the Bruins should go to a long transportation.

The squad of players who will go to Indiana included the following athletes: Ted Whitte, halfback; Ray Wadon, Duncan, Bickel, line backs; Heinrich, Lohrding, Brodman and Ax backs; Glaser, Kim, Overver, Bollinger and Torm, end backs; Scheib and Doerner, centers; Stock, Meir, Senn, Woodworth, Watson, Butz, Paris, Johnson, Hoffman and Drake, backs.

Basket League to Open

The North Side Junior League Basketball League will open its season Sunday afternoon with games in the Holy Name gymnasium. Grand and Emily Zion will open at 1:30 o'clock. Other contests will bring together Holy and Bethlehem and St. Paul against Marcus.

ARMY VETERANS EXPECT TO WIN OVER YALE TEAM

By the Associated Press.

NEW YORK, Oct. 26.—The time appears ripe for the squaring of some football accounts outstanding since last fall.

Army's cadets, well aware that there is no Bruce Caldwell at Yale this year, have high hopes of getting even for a 10-6 defeat last fall.

Although beaten by Nebraska, Syracuse is favored to defeat Penn State, which won last year, 9-5.

Situations Are Reversed.

Pitt overwhelmed Carnegie Tech last year, 23-7, but the situation is somewhat different at this moment.

TIGERS DEPART FOR LINCOLN AND "BIGGEST GAME"

Special to the Post-Dispatch.

COLUMBIA, Mo., Oct. 26.—Tap-

ping off a week of intensive practice in preparation for the Nebraska encounter, Coach Gwinn Henry's Missouri Tigers yesterday took a lengthy but easy workout before boarding a train last night for Lincoln.

Work in the Tiger grid camp was pared down to signal practices, dummy scrimmage and listening to Henry's description of the powerful Nebraska offensive the Tigers will face Saturday.

Henry's plan of defense against the Husker line punting machine, he said, would be based on the Tiger reserve strength in the line and the knowledge of Nebraska plays his veteran forwards have.

Aside from the position left vacant through the shifting of Johnny Waldorf, regular guard, into the backfield, to fill Reece's place, Henry will have his regular eleven ready for the game. Reece is out with an injury.

Byars to Start in Backfield.

HOCKEY STAR, BROTHER OF ST. LOUIS COACH, MAY BE LOST TO GAME

By the Associated Press.

CHICAGO, Oct. 26.—It is doubtful if Dick Irvin, 1927-28 captain and forward of the Chicago Blackhawk hockey team, will be able to play this year.

Irvin's skull was fractured last season. Manager Herb Gardiner fears the injury will prove dangerous to the wing man's health this year.

Fifteen of the 16 Blackhawks are working out daily. Leo Couture, an acquisition from the Winnipeg Maroons, is being held up at the Canadian border waiting passports.

The team will leave about Nov. 1 for Kansas City where it will complete its training on the ice.

Dick Irvin is a younger brother of Alex Irvin, coach of the St. Louis pro hockey team.

FAUCETT DEFEATS ROSSI IN FEATURE BATTLE ON AMATEUR PROGRAM

REGGIE WOOD IN HOSPITAL AFTER KAYO BY HOKE IN SPECIAL BOUT

By Damon Kerby

Visiting boxers had the edge on fighters of the Missouri Pacific A. C. in the fight program last night at the Missouri Pacific arena, 2001 Chestnut avenue. Only three amateur boxers won from outside talent, while five lost.

Jimmy Faucett, making his first appearance in the lightweight class, won his special bout from Lee Rossi of the National A. A. Norman Hoke, light weight, knocked out that much-knocked-out Reggie Wood of the Motorbus A. C. and Melvin Barton, an unheralded lightweight, kayoed an equally unknown Bill Fisher, unattached, in the three Missouri Pacific victories.

Wood Is Injured.

Wood was taken to the hospital several hours after his bout, where an X-ray picture was taken today to determine whether he received a fractured skull when his head hit the floor when going down from one of Hoke's right jolts in the second round.

Hospital attaches reported today that he was resting easily and his attending physician said there was no evidence of a fracture.

Poewee Terry, Florio Olympian A. C., tried hard to register a knock-out over Doc Hyatt of the Missouri Pacific A. C., but the latter, although shaken in the final round, was not close to taking the count. The action displayed by Terry made the bout one of the high spots of a good program.

Wilson Defeats Wright.

An extra round was fought by Woodrow Wilson of the Florio Olympian A. C. and Freddie Wright of the Missouri Pacific A. C. before the judges gave the decision to Wilson.

Results:

112-POUND CLASS—Gilbert (Peewee) Terry, Florio Olympian A. C., defeated Freddie Wright, Missouri Pacific A. C., three rounds, judges' decision.

118-POUND CLASS—Don Durso, Florio Olympian A. C., defeated Pat Evans, Missouri Pacific A. C., three rounds, judges' decision.

125-POUND CLASS—Melvin Barton, Missouri Pacific A. C., defeated Bill Fisher, unattached, three rounds, judges' decision.

135-POUND CLASS—Jimmy Faucett, Missouri Pacific A. C., defeated Lee Rossi, National A. A. C., three rounds, judges' decision.

145-POUND CLASS—Reggie Wood, Motorbus A. C., defeated Melvin Barton, Missouri Pacific A. C., three rounds, judges' decision.

155-POUND CLASS—Norman Hoke, Missouri Pacific A. C., defeated Bill Fisher, unattached, three rounds, judges' decision.

NEW YORK YANKS TO PLAY IN SOUTHWEST ON TRAINING JOURNEY

NEW YORK, Oct. 25.—The New York Yankees, winners of the world's championship, will play in the Southwest on a training journey after the Yankees' complete training in Florida.

The itinerary has not been definitely decided upon, but it is likely to include New Orleans, Los Angeles, San Francisco, and Portland, Ore.

The Yankees' first game will be played in New Orleans on Oct. 28, against the St. Louis Cardinals.

HEARING CONTINUED IN AMATEUR BOXING ROW

Ben Harrison of Springfield, Mo., secretary of the State Boxing Commission, continued the official hearing today into the suspension of the South Broadway A. C. and the Tower Grove A. C. by the Western Amateur Athletic Union.

The two clubs are charged by the Amateur Athletic Union with flagrant violation of the rules in handling boxing shows and boxers, while the two fight clubs' officials are reported to maintain that Robert Probst, president of the Western A. A. U., was "steam-rollered" into office at the last election by giving voting power to non-active clubs.

Harrison will turn his decision over to the State commission for its official approval.

TEN MEN INDICTED FOR
KANSAS CITY BOMBINGSFour Arraigned After Month's
Inquiry Into Series of
Labor Outrages.

By the Associated Press.

KANSAS CITY, Mo., Oct. 26.—Frank J. Peterson, secretary of the Kansas City Building Trades Council, and three others of the 10 men indicted yesterday by the Jackson County grand jury, after an inquiry lasting a month in connection with bombings and other acts of violence in labor and trade troubles here, were arraigned today before Circuit Judge Thomas J. Seehorn.

Peterson was arraigned on two indictments charging assault with intent to kill in connection with an attack on F. A. Taylor, contractor, and with malicious destruction of property in connection with the destruction of the home of Philip Mink, another contractor who employed both union and nonunion labor. The labor leader's bond was fixed at \$15,000, which he said he expected to furnish later in the day.

Edwin Watson, former business agent of the Painters' Union, and John M. Deucher, former business agent, were arraigned on a joint indictment charging felonious assault, and their bonds were fixed at \$2000 each.

Aaron Schultz, cleaning shop operator, gave bond of \$10,000 on an indictment charging malicious destruction of property. Three of the 10 men indicted were arraigned yesterday.

Three men arraigned yesterday were Robert Jackson, so-called extortionist, and W. H. F. Doerr, charged with second degree arson, and James Martin, gangster. Indicted for second degree arson and as a habitual criminal.

Jackson and Martin were arrested recently as they ran from an apartment building in which they are alleged to have set off a bomb. Doerr was said to have been seen leaving the empty apartment three days before the explosion.

Taylor, who did not immediately report the beating because of reported threats on his life, first told of it after William A. Faust, labor organizer and former San Quentin convict, was arrested and said a labor leader had paid him \$100 to help beat Taylor.

Taylor said one of the men who beat him told him the beating was administered because Taylor had "double-crossed" the union.

Martin was ordered held without bond last night. Jackson's bond was set at \$2,500 and Doerr's bond fixed at \$10,000, which he gave and was released.

SHARP INCREASE IN U. S.

EXPORTS OF RAW MATERIALS

Only Outstanding Change Noted in
Comparing September Report
With 1927.

WASHINGTON, Oct. 26.—A heavy increase of American exports of raw materials for use in manufacturing constituted the chief change noted in the comparison between September foreign trade this year and last year as issued today by the Commerce Department.

At the same time the country decreased its imports of like material, but the predominance of finished manufactured goods remained a notable showing in the analysis of exports.

The figures analyzing the month's foreign trade in comparison with the same month last year follow:

Exports: Manufactured goods \$15,527,000 against \$15,154,000; partly manufactured goods \$30,944,000 against \$24,799,000; foods ready for consumption \$25,497,000 against \$28,562,000; raw foods, \$42,262,000 against \$69,429,000; raw materials for use in manufacturing, \$120,187,000 against \$102,146,000.

Imports: Manufactured goods \$14,953,000 against \$2,193,000; partly manufactured goods \$64,000 against \$63,096,000; foods ready for consumption, \$23,791,000 against \$23,016,000; raw foods, \$26,870,000 against \$23,190,000; raw materials for use in manufacturing, \$110,240,000 against \$120,699,000.

TREATMENT OF STATE'S INSANE
DENOUNCED BY NURSING LEAGUEChicago Woman Advocates Laws
Forbidding Restraint of
Demented Persons

SPRINGFIELD, Mo., Oct. 26.—Treatment received by the insane at Missouri institutions was denounced today in a report of the League of Nursing Education of Missouri, in convention here.

At each of the state institutions, it was said, only one graduate nurse usually is on duty, assisted by attendants who have little or no knowledge of mental patients.

Miss Mary Kennedy of Chicago, who has been a nurse in a psychiatric ward for 20 years, advocated Missouri laws forbidding the restraint of an insane person. She declared that all insane people could be handled without restraint if trained nurses were in charge. She also urged grouping of patients according to their type of insanity.

"Skinny" Girls Never Get Friends

Excess acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and its action is quick. You will never rely on crude methods.

"I am a student at Columbia University and I am writing to inform you of the wonderful benefits derived from your IRONIZED YEAST. It helped me to get rid of. Before taking IRONIZED YEAST my weight was 103 lbs. Since then I have been told by many friends how well I look and today am happy to say I weigh 115 lbs. and hope to still gain. My face and neck are glowing, my digestion is better, I eat and sleep well and my general health is excellent."

I strongly recommend IRONIZED YEAST for pimples, sallow skin, loss of weight and indigestion.

Amazing Numbers of Missourians Write Letters Like These:

"I am a student at Columbia University and I am writing to inform you of the wonderful benefits derived from your IRONIZED YEAST. It helped me to get rid of. Before taking IRONIZED YEAST my weight was 103 lbs. Since then I have been told by many friends how well I look and today am happy to say I weigh 115 lbs. and hope to still gain. My face and neck are glowing, my digestion is better, I eat and sleep well and my general health is excellent."

I strongly recommend IRONIZED YEAST for pimples, sallow skin, loss of weight and indigestion.

The Secret of a Lovely Rounded Form

Letter after letter tells this same wonderful story of the benefits of IRONIZED YEAST. Five to fifteen pounds gained in a few weeks. Scurvy hollows filled out. Bony limbs gracefully rounded. Blemished skin cleared. Tired feeling gone.

Only when Yeast is IRONIZED is it more effective. For iron is needed to bring out the weight-building and strengthening values of Yeast. Get this pleasant tasting tablet in the handy bottle today. Never cause gas or bloating. Safe for everybody.

Try it on "Money-Back" Offer

Go to any drug store today and get a full size treatment of IRONIZED YEAST. If after this generous trial you are not delighted with effects, your money back.

CAUTION! While the amazing health-building value of IRONIZED YEAST tablets has been positively demonstrated in cases of lack of energy, indigestion, constipation, skin eruptions, poor complexion and a generally weakened condition, IRONIZED YEAST should not be used by anyone who OBJECTS to gaining weight.

MOHAWK RUBBER PROPOSES

300 PCT. STOCK DIVIDEN

By the Associated Press.

NEW YORK, Oct. 30.—The Mohawk Rubber Co. of Akron, O., today announced a 300 per cent stock dividend.

EXTRA DIVIDENDS VOTED

NEW YORK, Oct. 26.—The Princeton Co., with holdings in the oil and gas fields and Venetian, today announced dividend increases and extra dividends totaling 40 cents per share.

The company's earnings for the first nine months were \$7,890,000, or 37½ cents, paid in April last. During the two previous years payments were \$5 million and \$4 million.

THE WAY
—OF—
A WOMAN

—By—
Guerrite Mooers Marshall

FANTASTIC EQUALITY.
WILL our homes be like
the mansions of the past, with woman supreme
and man relegated to the duties of domestic life?
The wife, top-hat on head,
back on the Exchange, or
powdered wig covering her
hair, dispenses justice and
sits on the bench; or edits
the newspaper, or manages a bank;
she takes up a pavement with drill
picks? While she is doing these
things, the staff of male servants;
the sons concentrate on a little
sweeping and wish they were
men and will be ready, not
smiling, to greet his weary
mother when she returns from her
day's work.

But the English anti-feminist,
Lord Birkenhead, indulges in the
old-fashioned Cosmopolitan, in what he
calls "the ravings" about the pos-
sible future roles of man and wife.
In a modern woman, in a first im-
pression reaction from the past life
many wives, feels like telling
Birkenhead that it would
men jolly well right if he
"ravings" turned sober
—on the principle of tit for
tatt.

Consider the generations of
sons relegated to what Lord
Birkenhead himself describes as
the "baser duties of domestic life."
He shouldn't men take a turn at
it?

Think of the women who not
only do the meals and direct
the servants, but buy, cook,
wash and clear up after three
or four a day 365 days in the year.
According to a recent report of
the Bureau of Economic Research,
per cent of American wives do
their own housework. Why not
the men take over, and give the
women a rest in Wall Street, on the
stage, or even taking up pave-

ment?

Remember the hapless ranks of
daughters whose lot it has been to
concentrate on a little plain sew-
ing and wish they were boys.
At times the sons were restricted
to needlework and to the "desire to
escape from their oppressed sex!"
Usually, picture, with the slight-
est effort of the imagination, those
sons of wives down the cen-
turies, "neat and smiling," have
been "to greet the weary mate
when he returns in the evening
from his labors"—wives with blind-
headaches, wives nerve-racked by
the infinite petty exactions of
the children and of housework
which never done, wives justifiably
critical both of the mate's weariness
and of his labors in compar-
ison with theirs, wives packing par-
able grouches under their eve-
ning smiles. In the name of all
that play, the sex roles in the home
stand reversing!

UT Lord Birkenhead of course
doesn't think so. "Either our
family relationships will remain
fundamentally as they are today,
the paradoxical reverse, which I
tried to picture above, must
come," he says.

Do not think the second alter-
native conceivable. There remains
only, as between husband and
wife, and this seems to me even
more fantastic.
We were reminded, by the lordly
passage in
Childe Dorr's new and in-
spiring book, "Susan B. Anthony:
Woman Who Changed the
Course of a Nation." A Mr. Burnett
Baer, addressing the Speaker
of the New York Assembly in 1854,
asked the bill granting married
women their wages and the guar-
antee of children, thundered,
"We to put the stamp of truth
on the libel here set forth that
men and women in the matrimo-
nial relation are to be equal? We
know that God created man as the
representative of the race; that
his creation the Creator took
from his side the material for
woman's creation; and that by the
institution of matrimony woman
was restored to the side of man,
and that they became one flesh
and one being, he being the head."
Oh, well, only Mussolini and
Lord Birkenhead talk that way
about equality between
husband and wife?

WAYS TO MAKE
MOVING EASIER

By Wanda Barton

THERE is a great deal more to
house-hunting and moving
than appears on the surface.
Just to find a place that looks all
right and move in is the inexperi-
enced way of doing it, and the
wrong way. So the following sug-
gestions apply most aptly to city
hunters.

In the first place, decide just
how much rent you can afford to
pay. Then just how far you can
be from the place of business of
the head of the family, and others
who go to business, and the dis-
tance from a good school, if one
is necessary. Then select a radius
of 15 blocks near or including desir-
able market centers. Call on
two or three of the best real estate
concerns listed in the neighbor-
hood, explain to them the location
desired, rent to be paid, how many
rooms, light, the best plumbing,
and conveniences. Insisted upon.

Limit them to a week's hunt and
then with their data in hand hire
a taxi and after having sorted out
what appeared most desirable set
out. Open and look out of win-
dows to see any conditions that
may be undesirable.

When a place is found, before
signing any lease, visit the main
shops in the immediate vicinity
and by the class of goods they
keep you can gauge the trade of
the neighborhood. If the bakery
keeps the better products, if the
butcher shop is clean and attrac-
tive, if the fish shop looks good
and a good grocery is handy, with
one of the better delicatessen
shops, you can be sure the trade
is worth while.

Now about the moving. First
comes the elimination of all things
undesirable and not worth moving.
Send the rugs and draperies to be
cleaned. Get the needed number
of barrels and packing materials
from the storage house, moving
man and pack, or have packed, the
china and ornaments, also the
folding book boxes and pack all
the books. Pack the trunks and
pack all small pictures, after wrap-
ping glasses and frames, in bundles
with papers between. Pad table
tops with soft papers and cover
with cloths. Line a clothes basket
with paper or pack it with all the
light kitchen utensils after careful
cleaning. The heavy ones may be
packed in boxes from the grocery
store.

over the children. They share
equally in money matters. They
share equally in the respect of the
community. Their votes are equal,
and by no means always iden-
tical. But to whatever domestic
decision—about moving, or the
choice of Junior's college, or the
purchase of a new car—the part-
nership comes, it is a decision
made by two equals on a basis of
reason and of compromise.
That is intelligent marriage.
That marriage as we and plenty
of other American women know it.
What is fantastic about it? What
other plan of close association be-
tween civilized man and civilized
woman contains less that is fan-
tastic—and more that is common
sense, common justice, common
affection?

Wandering Texas Hat
Travels to Far Places

A WANDERING cowboy hat
from Texas has reached Aber-
deen, Scotland, somewhat the
worse for wear, but still going
strong.

The perambulating hat started
on its wanderings from Dallas,
Tex., more than a year ago, and
has journeyed through the United
States and Canada and across the
Atlantic. Battered and punctured,
it is adorned with tags bearing
greetings from one town to another,
lines of doggerel, and direc-
tions to keep the headpiece mov-
ing.

Wherever the hat goes it must
be carried as a personal belonging
of the traveler to whom it is en-
trusted, and must not be posted.
It traveled to Great Britain in the
motorship King James and went
north with a woman tourist.

A pint of olives will number
close to 15 olives.

Marriage Rate Drops

EUROPEAN indifference to-
ward marriage has spread
to Asia and is changing the
customs of a people long noted
for their strict adherence to
matrimony and their large fam-
ilies.

At the present time only 5
per cent of the official class in
Persia is married.

Foulards for Home

Do you enjoy making clever
frocks for home wear—frocks
that compel the admiration of
your friends? Then, have you seen
the delightful printed cotton foul-
ards?

One design in tiny geometric fig-
ures of white and two tones of
gray on a shiny black ground is
amazingly attractive when made
up by a smart dress pattern. De-
signs of like character lend sophis-
tication to the house dress.

Now the Cookie
Jar Is Colorful

COOKIE jars are reminiscent of
our grandmother's busy days
when she gave much time and
thought to hungry youngsters. The
cookie jar was an institution of
real value in a child's life. Pack-
age cookies may have had some-
thing to do with the almost com-
plete disappearance, for a time, of
this gay piece of pottery full of
goodies.

But, as in all cycles, the cookie
jar has staged a come-back. And
the new version is so colorful, so
brightly decorated, and so quaint
in shape that every household will
be the more cheerful for the ac-
quisition of one.

These are usually to be found in
every gift shop that makes pre-
tensions to catering to the needs
of the home-lover. Sizes vary and
the selection can be made in ac-
cordance with one's propensities
for making cookies. Wrapped

Pickled Onions.

Peel one-half peck small white
onions and let stand over night in
salt and water. Drain and pour over
them three pints vinegar, one ta-
blespoon sugar, one teaspoon salt
and mixed spices. Boil together for
a half hour and then seal in steril-
ized jars.

Thin but Strong.

Don't feel that because the pic-
ture is large an enormous nail is
needed to hold it. Thin, strong
nails can be bought that will hold
the picture easily without making
a total loss of the wall paper.

Save grapefruit, orange and
lemon rinds, wash them thoroughly
and place in a paper sack and
keep near the stove. When the
rinds are thoroughly dry they may
be chopped fine and used for fla-
vorizing winter puddings and fruit
cakes.

Russian Fur Famine
Menaces World Trade

MANY of the fur-bearing ani-
mals whose pelts are sent out
of badly dressed Russia to
adorn and warm the luxury-lov-
ing women of capitalist countries
are threatened with extermination
by hunters. Squirrels, sables and
polar foxes become scarcer each
year. The famous Kamchatka
beaver has almost disappeared.
The Academy of Sciences recent-
ly asked the government authori-
ties to provide funds for taking a
census of fur-bearing animals in
the vast domain that is Russia,
which receives about \$40,000,000
a year for its fur exports.

An Unpleasant Flavor.

Don't use lard that is not abso-
lutely fresh for pastry. The least
little rancid taste will ruin your
baking. Render it sweet again and
then use for frying and buy fresh
lard for the pie-making.

THOUGHTFUL
MOTHERS
with active growing children

This advertisement describes the vital necessity of providing
children with energy-building food . . . and it suggests a deli-
cious bread that supplies one-fourth all the calories needed

DID you know that a boy of
eight burns up just as much
energy as his mother? Working
and playing from morning until
night, he uses 1700 calories a day!

And yet, famous nutrition experts say,
most children's food is notoriously weak in
energy-building elements.

Cross dispositions—sluggish minds—
pallid, tired-looking faces . . . quite natu-
rally result.
It was for mothers anxious to protect their
children's health that we wanted to bake
Baby Label Bread.

It is a bread rich in calories . . . packed
with energy and body-building elements.
And it is so wonderfully delicious that thou-
sands of grown-ups and children call it the
most delicately flavored bread ever baked.

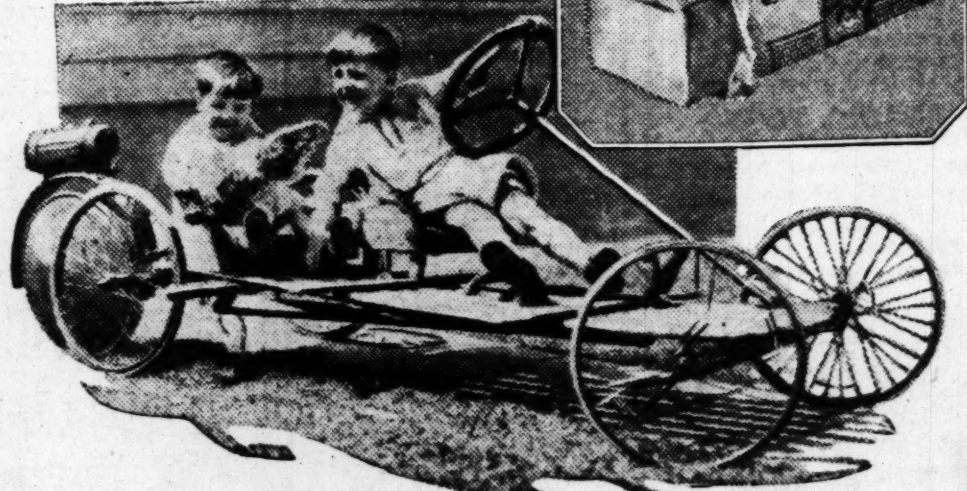

We set our years ago to make Baby Label
Bread an energy food. We knew that chil-
dren needed such a bread. And we wanted
to be the first to offer it to mothers.

We consulted dietitians

So we consulted cooking experts and
dietitians . . . tried recipe after recipe . . .
and finally created a bread with 114 calories
in every half-inch slice. And yet so deli-
cately flavored that mothers never need coax
children to eat it.

This bread is a muscle- and bone-builder

too. It is rich in protein . . .
calcium . . . phosphates. Just
the elements needed if
"balanced" diet is your aim.
It puts solid flesh on
growing little bodies . . .
hardens teeth . . . builds
strong sturdy bones. You see, we select our
ingredients with infinite care.
Rich, wholesome milk . . . double the
amount used in many breads. Carefully
selected flour. Fresh, sweet shortening. Pure
cane sugar.
That's why Baby Label Bread is so widely
endorsed by dietitians. And that's why it is
so wonderfully delicious . . . why it keeps
its original freshness, too.
Children, you'll find, never seem to get

HOOVER SAYS HE WILL CALL EXTRA SESSION TO PROVIDE FARM RELIEF, IF ELECTED

HE PLANS MOVE UNLESS CONGRESS ACTS THIS WINTER

G. O. P. Nominee in State-ment Declares Adequate Measure Should Not Be Delayed a Year.

"OUR MOST URGENT ECONOMIC PROBLEM"

Candidate Expected to Elaborate His Program in His Speech in St. Louis Next Friday.

By the Associated Press.

WASHINGTON, Oct. 27.—Herbert Hoover announced today that if the Republican party were returned to power, he would call an extra session of Congress to deal with farm relief, if adequate legislation should not be enacted at the session beginning in December.

"The question of a special session of Congress after March 4, in the event of the return of the Republican party, has been under discussion for some time," said a formal statement issued by the Republican presidential candidate.

"There are a number of questions, particularly agricultural relief, which urgently require solution and should not be delayed for a whole year. It is our most urgent economic problem.

"I should hope it can be dealt with at the regular session this fall and thus a special session avoided. If, however, that cannot be accomplished I would, if elected, not hesitate to call a special session and would of necessity call an extra session so as to secure early constructive action."

Under the Hoover plan, the new Congress to be elected Nov. 6 would be summoned to Washington perhaps in April with the hope that an agricultural measure embodying his program for farm relief could be enacted in time for its operation in the handling of the 1929 crop.

Borah's Forecast.

This is the program which Senator Borah of Idaho proposed in a formal statement late yesterday, after a conference with Hoover.

While both Hoover and Borah are hopeful of action by the present Congress, the speaker of the House in December will continue only three months under the law and usually little general legislation has been enacted at these short sessions because of the pressure of enacting the annual supply bills.

If a special session of the new Congress were not called, after a failure of the present Congress to act, it would be two years before a farm relief measure could be brought into actual operation.

Hoover's program for relief, as outlined in his speech of acceptance and reiterated in his West Branch, Ia., and Elizabethton, Tenn., addresses, calls first for increased tariff protection for farm products; and the creation of a Federal farm board to finance and aid farmers; co-operative associations in marketing crops and stabilizing prices.

May Elaborate Plan Here.

In his forthcoming speech at St. Louis, Nov. 2, the Republican presidential candidate is expected to go more into the actual details of his farm aid proposal, outlining each both as to structure and the methods of operation.

President Coolidge is expected to deal with agricultural relief in his final annual message to Congress in December and it is known that agricultural leaders in the two Houses will urge enactment of some of the pending measures which are designed to bring relief to the nation's basic industry.

Subject Under Discussion.

There has been some pressure at Hoover headquarters here for a statement from the candidate on the subject of an extra session.

The statement was issued after Gov. McMullen of Nebraska had published a statement that Hoover had told him that if elected he would call an extra session. After the pronouncement from Hoover headquarters, McMullen reiterated

HUNGARY 12 HOURS LATE BECAUSE OF STORMS

Wave Shatters Thick Plate Glass Windows on Forward Promenade Deck.

Associated Press.

NEW YORK, Oct. 27.—The liner Hungary arrived from Europe eight 12 hours late because of a she encountered last Monday and Tuesday.

Passengers reported the entire trip was so rough that some of them in their suites through the trip.

One of the thick plate glass windows of the forward promenade deck were broken by a huge wave.

Captain said another wave broken the forward cargo hold, but as repairs were made he did not think there had any appreciable damage to cargo.

FIREMEN IN MASKS SAVE MANY FROM POISON GAS

Leaking Container Frees Chlorine Fumes in Birmingham (Ala.) Courthouse and Jail.

By the Associated Press.

BIRMINGHAM, Ala., Oct. 27.—City firemen were called on to rescue more than 20 persons from the Jefferson County courthouse here today when a chlorine gas container blew off its valve and filled the lower part of the building with the poisonous gas.

J. W. Moore, an elevator operator who was taken from his car after he had been overcome by the gas, is at a hospital in serious condition.

Firemen equipped with make-shift gas masks carried dozens of court officials and clerks to the open air through windows to which they had placed extension ladders.

Several of the rescuers were overcome by the gas and were removed by their comrades.

Prisoners in the Jefferson County jail which has its entrance through the basement floor of the courthouse, raised an outcry as the gas entered the cells. Michael Milligan, jailer, was among those overcome by the gas but revived when taken into the open air.

He led doctors back into the building and directed them to prisoners' cells. County authorities decided against opening the jail doors as the pure air began driving out the poison gas. Doctors finally entered the cells and revived those prisoners who had been overcome.

COMMANDER BYRD CELEBRATES 40TH BIRTHDAY ON WAY SOUTH

ABOARD THE S. S. R. A. LARSEN AT SEA, Oct. 26. (By Radio)—Commander Richard C. Byrd last night celebrated his fortieth birthday aboard the whaler C. A. Larsen, 12 degrees south of the Equator, bound for the ice and the greatest of his ventures in exploration.

He and members of expedition were the guests of Capt. Nilson and made the evening merry with toasts and skits of Antarctic flying.

The Larsen is expected to arrive at Wellington a week from Sunday night or Monday morning and the work of disembarking planes and supplies will be begun immediately. The equipment then will be loaded on expedition ships.

FOOTBALL TRAIN IN WRECK

Associated Press.

MAR., Ind., Oct. 27.—A railroad passenger train carrying a large number of Wisconsin football rosters was wrecked here at 5 a. m. today.

Officials of the railroad said their reports of the accident indicated no passengers of the football special nor members of either of the train crews were injured.
